CAUTION

Every decision a person makes, including the decision to get out of bed in the morning, has some degree of risk associated with it. We strongly believe that each competent adult must set for themselves the level of risk he or she is willing to accept. Some avoid crossing streets in heavy traffic—others stunt-ride motorcycles without a helmet. However, to intelligently confront and accept risk, a person *must* understand the dangers. While *Drummer* hopes to educate its readers on a wide variety of topics, its main purpose is to entertain! Works of fiction presented in this magazine are just that—fiction! They are not in any way intended to suggest or describe activities that anyone should—or often could—actually do. They are meant for entertainment only. In other than fictional pieces, we will emphasize safe sex with respect to contagious diseases, and safe and sane behavior with respect to all activities, and will try to point out all activities which deviate from recognized safe-sex and safe-and-sane play activities. However, Desmodus, Inc., its officers and stockholders, the editors and staff of *Drummer*, columnists, authors, artists and other contributors to this publication and other organs of Desmodus, Inc., cannot be held responsible for accidents, injuries or other or improper application of information imparted or ideas generated by materials in *Drummer*, or from Desmodus, Inc. products.

MALE CALL

The new beat...The New Year. THE NEW DRUMMER.

We at Desmodus, Inc., decided to take this opportunity to enlighten our many loyal and avid readers to the changes that you will be seeing in the coming months, changes that we have found will be an enhancement of our magazine as well as for your enjoyment.

Our first priority is to give you the comfort of knowing that we have charted a course to produce timely, informative, and entertaining publications with as much regularity as you would expect from any fine magazine. Our eager and capable editorial staff have been hard at work compiling the articles, fictional stories, and pictorials that you have come to expect from the DESMODUS family of magazines. We are embarking into some very exciting times (and new territory) here at the "Desmodus Camp".

Foremost, after over four years of dedication and a real flair for journalism, editor Joseph Bean has moved on to new endeavors and challenges in his life. We have all benefited from his talents and we know this will be the foundation for his future success. Joseph will continue to be associated with us as "**Freelance Editor**" for MACH as well as author of "Drummedia" in upcoming Drummer is-

sues. We wish him well.

In the wake of Joseph's leaving, two experienced individuals have come on board. Frank Strona has come to us from Brush Creek Media armed with solid experience to head up **Marketing & Advertising**. He will also be the coordinator for the up-coming Mr. Drummer Contest taking place later this year. Marcus Wonacott has joined our editorial staff as **Editorial Coordinator**, who has a career background in advertising and management. Both have been active and committed members of the leather/SM community on a national level for many years.

Finally, we would like to introduce to you the new **Owner/Publisher** of Desmodus, Inc. He is Martijn Bakker, a highly successful businessman from the Netherlands. He has added new vitality to our organization and has brought new concepts and direction to Drummer Magazine to ensure it's future success as an INTERNATIONAL publication. Many of you will know him as the Owner of RoB of Amsterdam, retailer of fine leatherware. Joining Amsterdam and London, San Francisco is the newest retail location. If you find yourself too far away to visit one of our retail outlets, we offer a mail order service for most of the items carried in our stores.

You may be wondering,

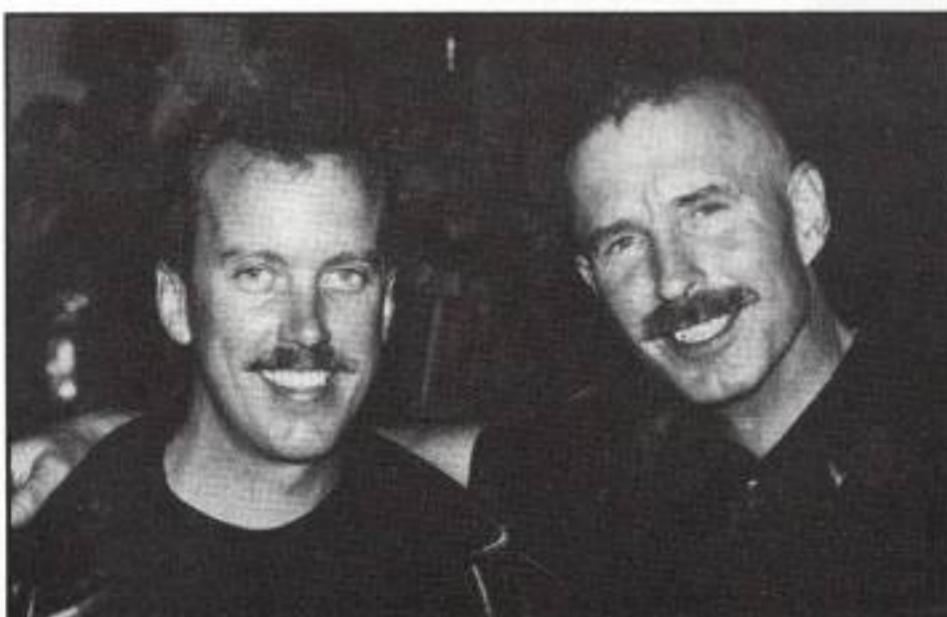

"What does this mean for Drummer?"

Our main priority is to produce a stimulating magazine that you will find on the newsstands once a month. PERIOD! Given the commitment to quality and still maintain a high level of eroticism in the area of leather/SM/fetish we encourage individuals who have a particular talent within this genre to share it with us. Our door is always open to new stories and art as well as anyone who has the look and interest (desire?) to pose for us. We are a growing organization and we are always looking to add to our growing family of editorial staff members. Bottom line, we encourage your contributions in all forms.

Lastly, we would like to take this opportunity to thank all those people who have given so much to the past success of Drummer, staff, writers, artists, authorities in many facets of leather/SM/fetish who have given us a piece of their knowledge. Most of all, thank you to our readers. Without you, we would not have become who and what we are today!

We look forward to your continued support and readership.

OFF THE TOP

A Call To Action—The March On Washington

By Emerson Briney

Now that the elections are all said and done, what's next? My first response is not to quit while we're ahead. Yes it's true, the gay and lesbian community played a heavy hand in getting Mr. Clinton into the White House. For the first time in history our community created a voting block that its strength can be all but ignored, but getting Bill Clinton elected is just the first step.

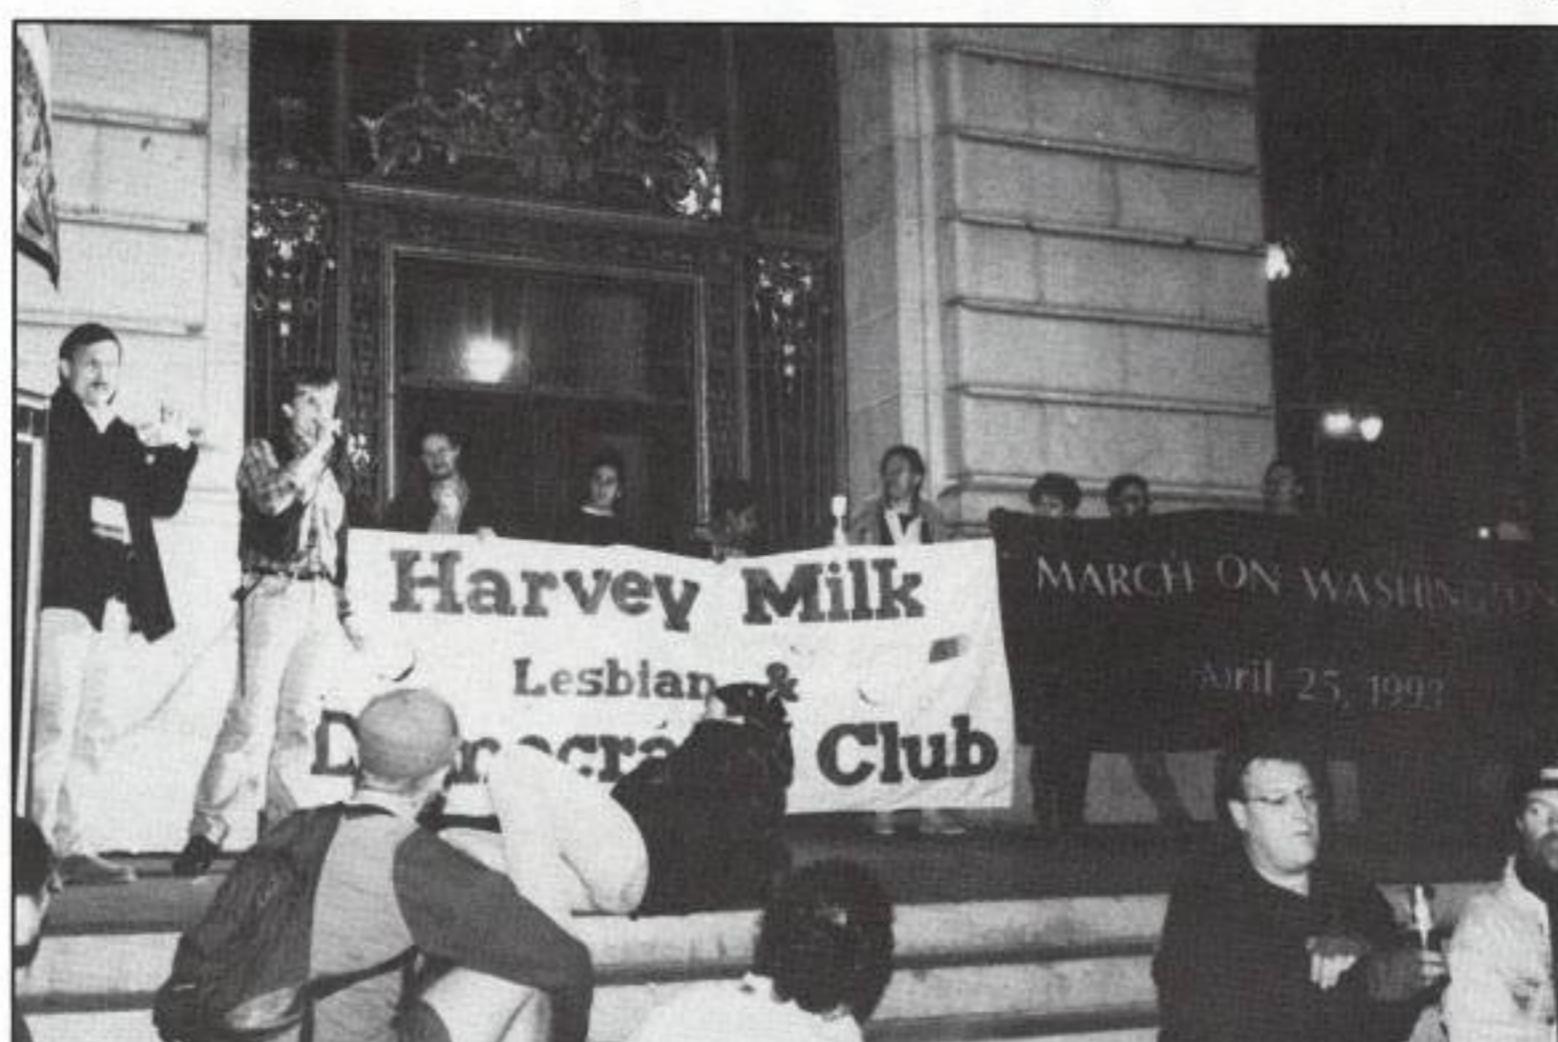

I was reading an article which in summary, stated the "gay rights movement" in the 90's will be what the abortion issue was in the 80's. If this is the case, then there's one thing that must take priority. *What we must concentrate on is focus.* Over the years our community has been used and abused. We've been the scape goat for many issues. The time has come for us to let the rest of the world know we are not, in any shape, form or fashion, going to let this type of ignorance go unchallenged. Our community is made up of such diversity that sometimes we loose focus. Now the question is, what do we focus on? An example of what our community can do with proper and appropriate focus is Bill Clinton. We asked his opinion on the ban of gays and lesbians in the military. His response was very clear: an executive order that would halt discrimination of gays and lesbians in the military within our

government. OK Mr. Clinton, it's time to pay up.

Mr. Clinton's promise of doing away with this practice was given a time limit. Not by us, but by himself. He said he would do such an executive order within the first 100 days of his administration. Already I am hearing alot of impatience. I am hearing that he has put himself into a corner and doesn't know how to get out gracefully. What we must focus on is that movers haven't made their entrance up the White House drive, yet, Mr. Clinton has already started to make good on his campaign promise to our community. This in itself is a first. Never has a "president-elect" ever said the words "gay/lesbian," let alone work on an isolated gay/lesbian issue. Not only must we focus on the promise made by Mr.

Clinton, we must pledge our support to him. Yes, our governmental system is made of checks and balances. Well, for our community, we wrote our checks and now we want some balance. We must balance within our selves as well. How do we do this?

On April 25, 1992, a few days short of "100 Days" for the new administration, our community is planning a March on Washington. If we, as a community, can come together and focus on one thing, THIS IS IT! The National March on Washington was downplayed by the media! Our numbers of participation were decreased. The public was unaware of how great the number of participants really were there. Make no mistake, this cannot and will not happen again!!! As with any unified community,

Emerson Briney speaking at the Milk-Moscone Candlelight Vigil.
(Photo by RINK)

we have grown both in numbers and in grassroots organizations. What some people are unaware of is the power that comes from such a gathering. In the 1987 March, ACT UP and QUEER NATION were conceived. It goes without saying that not everyone agrees with the tactics of these two organizations. But, without them, AZT would probably still be unavailable and the amount of funding for AIDS would be less. What is my point? Not only is the March a political event, it's one of empowerment and unity. *Let the National March on Washington create focus for our community!* As was said in the movie FATAL ATTRACTION, "I will not be ignored." The day has come that the President of the United States cannot ignore our community or the power that it

holds any longer. For us to come together to say "We're queer, we're here, and we're everywhere" will, for the first time in our history, show our true strength. I honestly feel that if it weren't for our community, Mr. and Mrs. Clinton would not be moving to Washington. We don't expect a miracle overnight. Making changes takes time. Time to educate. On the other hand, we've been waiting 12 long years and we've lost too many people because of the **ignore-ance** of our government. Let's create focus by concentrating on the March on Washington. We can make history only if we work together and *focus*. Even if you do not agree with some parts of the platform, take a look at the big picture. Over one million queers in Washington, D.C., marching together to show diver-

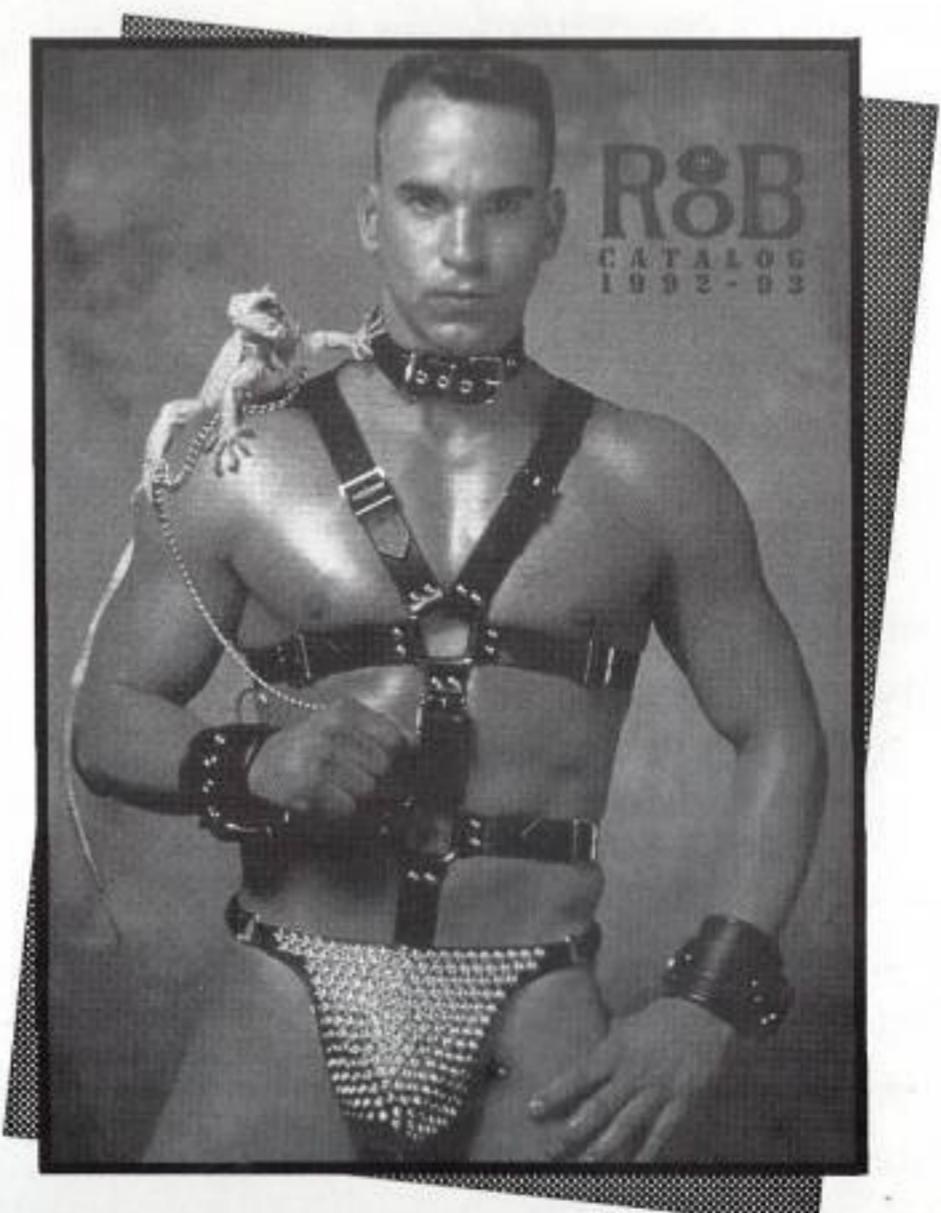

sity and unity. Our ability to work together on this will send a signal to the White House as well as to the "hate mongers" of the religious right wing that we are no longer making decisions out of fear, but working together out of love and compassion. Through my own recovery process, I have been told over and over again, in order to deal with life on life's terms, I must hug my demons. Even though my arms ache from caring for friends that have died or who are sick, I will continue to hug my demons. I ask that you do the same and not let the hatred of our demons rule our lives, but help us in creating change. If for no other reason, support the National March on Washington for our friends who don't have the strength or who are no longer with us.

CROSS ROADS

WHERE LEATHERMEN MEET

By placing an ad in this section, a bar or other business is telling you that they welcome Leathermen.

By accepting their ad, *Drummer* is telling you that the bar has been recommended by a Leather/SM club or a recognized individual in the community as a good place to meet and socialize with other Leathermen. In larger cities, these will be *the* leather bars; in other areas, they will be the more general purpose bars where Leathermen do go to socialize.

Help us to alert *Drummer* readers and travelers to the *right* place to go to meet Leathermen in your part of the world. Send us your recommendations and talk to the right bar owners and managers about placing one of these low-priced ads. If you see a business listed here that you think shouldn't be, let us know about that, too.

LEATHER BULLETIN BOARD

MARCH ON WASHINGTON "BAM."

Well, here's a play on words. A group called "BAM" (Bay Area Mobilization) has formed to get the bay area leather/SM/fetish contingent organized for the March on Washington. The National March on Washington happens on April 25, 1993 and falls on day 96 of the new administration. The leather /SM/fetish contingent has played an important role in the planning of this major event and the bay area leather contingent is starting to mobilize its efforts of participation. BAM will kick off the weekend with a special party and dance to be held Friday night, April 23, 1993 at "Quorum", 56 L Street SE at 8:00 P.M. There will be entertainment, fantasy performances, continuous stages, networking and a great place to meet people from all over the nation. The party will go into the wee hours and is being hosted and produced by Pleasuredome and Fantastic Realities Unlimited; sponsored by Drummer Magazine and Pleasuredome. Proceeds will go to benefit the Leather/SM/Fetish Conference, Food For Friends, and the International Titleholders' Travel Funds. Airfare and hotel accommodations (at very reasonable rates) can be gotten by calling 800-872-7252; ask for Jean and tell them you are part of Leather/SM/Fetish BAM. "BAM on Washington" will attempt to establish a scholarship fund to help with either travel or lodging expenses for those individuals who are financially challenged. So, when you see a "BAM on Washington" event being scheduled, make an effort to attend and support. The National March on Washington is the first big event of our community during the new administration and we should come out in large numbers to let them know how strong we really are. For more information you can write Drummer at Desmodus, Inc.

CHALK ANOTHER ONE UP FOR QUEER NATION

In order to avoid a restraining order, Cracker Barrel had to promise a Tennessee Chancery Court judge that it would not block shareholders who are members of Queer Nation from attending its annual meeting. Last year, Cracker Barrel intimidated and harassed presumed Queer Nation members. They should know better than that by now. Intimidate Queer Nation - I don't get it.

PORN DEALERS BEWARE

An eight-month probe by Hillsborough County sheriff's investigators, the Florida Department of Law Enforcement and

the Hillsborough state attorney acquired at least 100 videotapes deemed by a judge to be obscene. Three of the tapes involved children, sheriff's Capt. Bill Law said. In an undercover sting operation, undercover deputies set up a storefront rental center called A.A. Video. They put word on the street they were interested in buying hardcore video. In a report from The Tampa Tribune, Sheriff Walter Heinrich stated this sting operation is "not a beginning, nor is it the end of our efforts to eradicate from our society the purveyors of smut and the perverters of sex who prey on human weakness who think crime pays." Now those are fighting words. On the defensive end, Jacob A. Van Der Meer, one of the alleged "porn dealers" who was arrested is making an appeal to the community for assistance. The A.C.L.U. has refused to help stating that the case did not meet their standards for them to accept. Van Der Meer's store had only gay/lesbian XXX video tapes for rent and had no kiddie porn or anything else that the federal courts have ruled to be obscene. With three (3) days in jail and 25 months of fighting this battle, he is asking the community for funds (tax deductible) to continue his fight within the court system. For information, contact Jacob A. Van Der Meer, Legal Defense Fund, 6728 Memorial Hwy, #180, Tampa, Florida 33615.

NEW CLUBS ANYONE?

The Midwest is on the move. A new club, OPC (the Omaha Players Club), founded by B.R. Emerson Briny, Mr. International Drummer 1993 and Amy Marie Meek, Ms. Leather Nebraska 1992, is a new club formed to support the leather/SM/fetish community by providing a comfortable, educational forum where members are encouraged to express themselves freely and exchange information with others. This group is one of diversity and accepts everyone, regardless of sexual orientation, gender, or social status. This club empathizes Safe, Sane, Consensual play and also works with educating the non-leather/SM/fetish community in hopes of eliminating the myths and rumors associated with such activities. They will be sponsoring the Mr. and Ms. Leather Nebraska contest, two formal club runs per year as well as demonstration and discussion workshops and of course play parties. Imagine that... For more information, you can write: OPC, P.O. Box 34463, Omaha, NE 68134-0463.

CELEBRITY NEWS FROM THE GLAAD BULLETIN

Country Music star Garth Brooks has decided to use his music to address homophobia. Garth's new song "We Shall Be Free" from his LP "The Chase" states "when we're free to love anyone we choose." Brooks says it is meant to include same sex couples. What a great message from the normally conservative Nashville. Let's show him how much we support this long awaited message by writing Garth Brooks, c/o Liberty Records, 3322 West End Ave., Nashville, TN 37203.

WHOOPIE FOR WHOOPIE

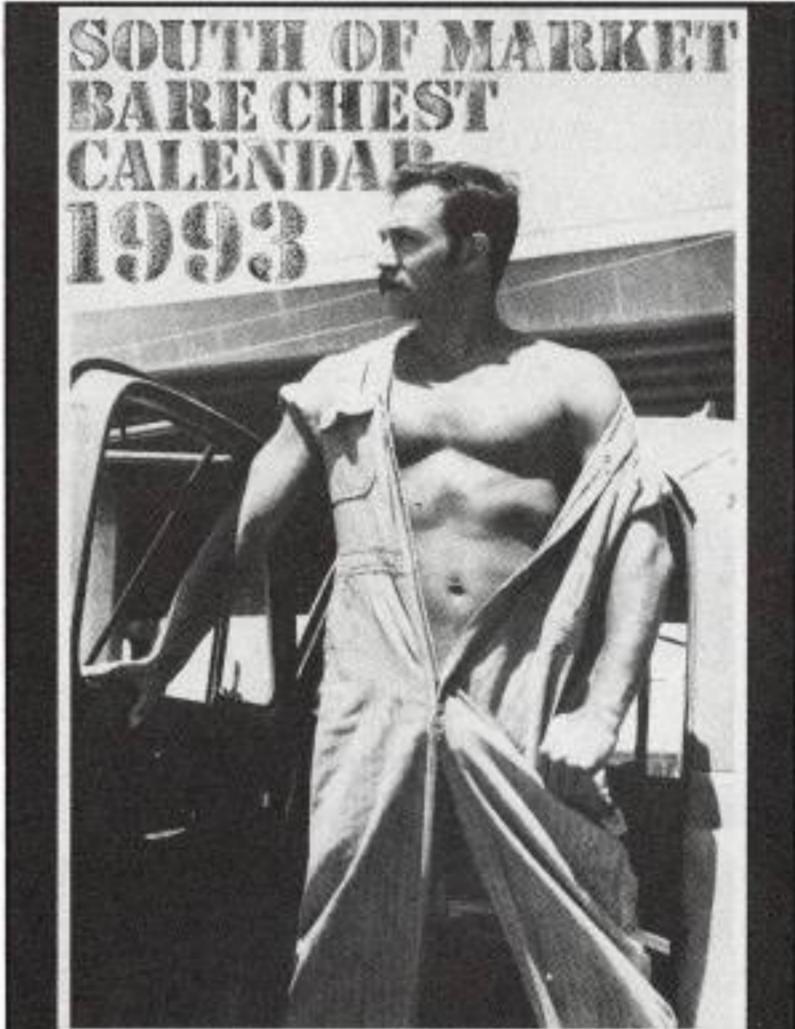

Whoopi's new syndicated talk show is taking some courageous steps to dispel stereotypes and promote inclusion. Talking with celebrities such as Elton John and k.d. lang about their homosexuality (both in and out of the closet), Whoopi's direct approach to keeping gay and lesbian issues out front is refreshing, if not heroic. Let Whoopi know how important her work is to us by writing The Whoopi Goldberg Show, c/o The Lippin Group, 230 Park Avenue, Ste. 550, NY, NY 10169.

ROUGH STUFF

THE BELT: PERSPECTIVES ON A FETISH

By Mike

Most people would think of a belt as being a very ordinary wardrobe accessory. While I have never seen any extensive printed matter in the subject, I would bet there are many of us who have admired, looked for and purchased certain belts over the years, without recognizing the cultivation of a very definite fetish interest in some cases.

Have you ever noticed that a great deal of leather and S/M fiction or non-fiction makes clear reference to the use of a belt or straps in some discipline situations? As a true belt fetishist, have you ever noticed in such narratives that mention is frequently made to a wide or heavy leather belt? Take another look at all leather-oriented illustrations and photography. It would be hard to overlook that most figures with bulging crotches and tight asses are also cinched at the waist, in many cases, with a wide belt.

So why do some of us turn-on to the sight and use of an object which enhances our erotic pleasure? While each of us will have our unique and varied reasons, my perception has always been that a belt is like a frame accenting that part of the lower anatomy which we all focus on whether from the front or the rear. A wide expanse of leather with a heavy buckle makes a statement and draws my attention. Another connotation is that a belt is an obstruction or barrier to be overcome and undone. Its authoritarian look not only denotes strength and security, but carried one step further, becomes a symbol of denied access to what lurks "below the belt".

Have you ever observed that many of the men we turn-on to wear a wide belt as part of their normal daily attire? Law officers, construction and utility workers figure prominently in this regard by rea-

son of the conspicuously wide belts worn in their jobs. These belts are usually worn in addition to a pants belt and in such a way as to further highlight the genital area. Some are slung low on the hips and usually cut directly across the "fly area", drawing attention to and further accentuating the "denied access" I referenced earlier. The message to me is that we not only have one barrier to be negotiated, but rather two. As for the "framing effect", this becomes more apparent in view of what is attached to and hangs from these belts. Take note of the law officer's Sam Brown duty belt, the construction worker's tool belt, the utility lineman's safety belt and the assorted Western-style gunbelt and holster rigs. The frame effect is either two or three sided from the front or rear; and how often have you heard someone say, "I'd like to frame that nice ass."

No doubt many of us will recall the proliferation of T.V. western movies during the 1950's and 60's. I often wondered if all those involved in putting these movies together ever realized how they were also nurturing many fetishes and fantasies about the good guys, villains they portrayed. For the most part, the characters were all ruggedly-handsome looking men, and of course they were all decked out in the heaviest of gun leathers. A typical stance or pose struck by the actors in these movies was with one fist wrapped around or resting in the wide belts they wore. More often than not, there was some allusion to frontier justice whenever one man wronged another, and it seemed as if there were countless situations where some kind of leather discipline could be included in the tale. Not only were the images of these men wearing belts, boots and chaps a turn-on, but the suggested and potential use of such items as ropes, lariats and the whips which they carried, made them more intriguing. We at least fantasized about being caught by the gang of outlaws; being dragged out to the barn by the ranch foreman; or hauling off some smart ass to be dealt with cowboy-style. In essence, these movies were supportive of

my awakening curiosity and yet to be recognized interest in leather S/M.

I'm sure most of you are acquainted with or have seen what is known as a "garrison belt", a 1 3/4" wide belt with a square buckle which was a standard leather uniform belt worn in some military occupations. It also became a standard part of many uniformed civilian occupations, worn by policeman, fireman, factory workers, construction workers, mailman, gas station attendants and even the UPS man. I liked the look of a wide belt about a man's waist and I wanted to emulate that look. I remembered well from the cowboy movies. Of course, I couldn't ever tell my folks on our next shopping trip to the department store, that I really wanted one of those belts. After all, if I were to get into trouble some time, I couldn't feature the embarrassment and humiliation of perhaps getting spanked with my own belt if Dad didn't have his handy.

My interest in handling and feeling a wide belt firmly strapped-on, was aided by a playmate who had all the gear for Cowboys and Indians, which was a favored play activity during those years. Ah! Yes, cowboy gun and holster rigs for kids were even made of heavy leather then, and I thoroughly got-off on selecting and wearing the widest belt and holster in his collection. The buying power in my piggy-bank was not quite up to par as a youngster, so my hankering to make the valued purchase was somewhat stemmed upon the discovery of a wide, embossed brown leather cowboy belt, of all places, in a box of used clothing being donated to charity. I couldn't believe that kind of belt I wanted was being discarded. Later to find out, it was previously worn by a handsome and hunky cousin who really fueled my fantasies. These are only two instances among others, which were significantly illustrative of my early interests, and so began my fetish.

As I matured and my buying power increased, special attention was given to the careful selection and purchase of a wide belt collection which I thought was

unequaled. I was acutely aware of every source in town for procuring the styles I wanted. I remember there was a genuine Army-Navy surplus store which seemed to have an inexhaustible supply of goods from World War II and Korea. A bargain find for me were a number of military garrison belts with solid brass buckles. In the late 1960's and early 70's, wide belt styles were the fashion trend. It was great to know I could comfortably wear a wide belt with my Levis, without looking too conspicuous. Over the years, my interest has never ceased, and my collection has expanded to the extent of owning belts for Levi wear and belts for other purposes.

As mentioned earlier, the origins for our interest in such a fetish are as varied as there are individuals. Aside from the belt being a wardrobe, occupational or uniform accessory and its intended purpose of holding up one's pants, my major interest is its use for bondage and discipline. I like to refer to this as "when the belt becomes a strap".

Having been raised in a blue-collar family of the 1950's, Dad was a firm believer in strap discipline to keep his sons in line. A vivid memory is that of Dad taking off his belt, while he berated my brothers for their misconduct and disobedience. Hearing his curses, the crack of his strap and resultant holler from my brothers, was testimony enough as to the severity of his belt whipping. For some reason, I managed to avoid getting strapped and was deprived of what seemed to be a boyhood ritual. Hearing the accounts by my brothers and from friends about their whipping, I developed a more-than-ordinary curiosity about such proceedings. If born out of fear only. One thing I did know for certain was that not just any belt would get the job done, but rather, only a wide heavy leather belt was suited for that purpose.

Many private moments in my teen years were spent strapping-on several wide belts which were cinched up tight, quickly latching on to the pleasure of belt bondage. I got-off on the alternate tightening and loosening, feeling increased pressure from cinching them up one more notch, being aware of the bulk and weight of the heavy leather strapped around my torso, catching the scent of

the cowhide, and hearing the "creak" of the leather belts as they rubbed against each other.

The accompanying or associated fantasies were always that of being ordered into this position by another man; this activity only being the prelude to getting strapped-down for a whipping by a man who took pleasure in laying the leather to a boy's ass. My cast of fantasy characters were of course, any of those guys who sported a wide belt and a raging hard-on in anticipation of the proceedings, and who knew full well how both would be used.

The variations of scenarios were and still are perpetually endless, centering on restraint and discipline played out by sadists and masochists in a sub-roles

they wish to adapt and enjoy.

I feel the most significant attributes of the belt used as a whipping tool are availability and versatility. How handier can an item be that at one's waist? It's very useful and effective for on the spot, impromptu strappings. Although it's certainly a matter of preference, I would hope it to be the wide leather type, as narrow dress-belt varieties don't quite have the same impact. The looks alone of a wide, heavy strap doubled-up in a man's hands are threatening. The crack of a wide belt slapping flesh sounds fierce. While the severity of the licks are dependent on the strength with which applied, even hard licks which will do a thorough job of reddening the ass, will not raise ridged welts in most cases, due to the width of the strap.

Beyond the use of the wide belt worn with your Levis, there are other strap-like tools constructed for belting purposes. While the razor strap is not frequently used in barber shops any more, I'm sure you've heard tales about its use, if not being able to give first hand accounts about your experience. I don't

know many guys who use straight razors, but they do have the strap handy in play space. There are historical accounts about prisons and reform schools, both at home and abroad in relatively recent years, where the practice was to routinely sentence their detainees to a strap session as punishment. "The Strap" in this case was usually a 3 to 4 inch wide expanse of leather, measuring 2 to 3 feet long to which any handle was attached for a firm grip. Let's just say this tool wasn't constructed for moderate punishment, but rather a very impressionable ass whipping. Of course, these are only two examples, which some might consider to be extreme, but again, its dependent on your individual taste and level of experience. I cite these tools based on my interest, but there is a vast assortment of other items.

The most complete and satisfying scene for me involving use of the belt, is one which grabs me by the ass, whereby my psychological, emotional, and physical sensitivities are simultaneously worked over and pushed to some limit. Those senses are impacted by: the sight of my partner wearing a heavy belt; hearing about the belt whipping he's going to give me; getting strapped for my partner's pleasure and seeing the hard-on it gives him; hearing him order me into belt bondage; being threatened with a belting more severe than the last time; being told to choose a certain punishment strap; seeing him unbuckle his belt; getting strapped down for a whipping; the humiliation of being ordered to remove my own belt and hand it to him.

While anyone into this scene is most likely aware of the resources for obtaining what you want, I make mention of the following for those wishing to further their curiosity and interests. I have found the most successful shopping trips with worthwhile purchases to be at your local leather specialty shop, by mail-order catalog, military surplus stores, western and saddle/tack shops, second-hand or resale clothing stores, manufacturer outlets, flea markets and garage or yard sales. Perhaps you have access to a local leather craftsman who can make what you want, or given your ingenuity, purchase the raw materials to make your own.

Mysteries, Mill Workers, and More

by Joseph W. Bean

The Mysterious Larry Townsend

Word is out that Larry Townsend is planning to make a book of his Leather Notebook column--run in *Drummer* from issue 38, in 1980, through issue 156, just a few months ago. That book, most particularly for novices in the leathersex scene, will become instantly and permanently "required reading," of course. What, you might ask, has Townsend written for you and me, the jaded old salts of leather? Answer: Apart from endless numbers of stories published and/or self published in the past 20 years, not all that much *until now*. But now, sweet now.

Townsend broke with his own tradi-

tion of self publishing and magazine publishing last year with a very fine book about the beginnings of an SM relationship, involving a complete novice bottom and a very experienced Master. That book, *Masters' Counterpoints*, is a master-work of detective fiction in which the detective-work (for readers such as ourselves) is secondary to the carefully detailed SM coming-out of a television superstar. You might think of a specific star and a specific psychiatrist whose gayness is an open secret when you read it, but whether Townsend was thinking of the same real-life characters doesn't matter, "Counterpoints" is an engrossing and excellent work of fiction. It's suspense, not mystery, meaning you certainly do know everything is as it is and that everything is done by those who do it... the suspense is held in place as we discover how both sides discover each other. Very good reading, even if it does go a little too fast over the delicious SM erotic options it creates for itself.

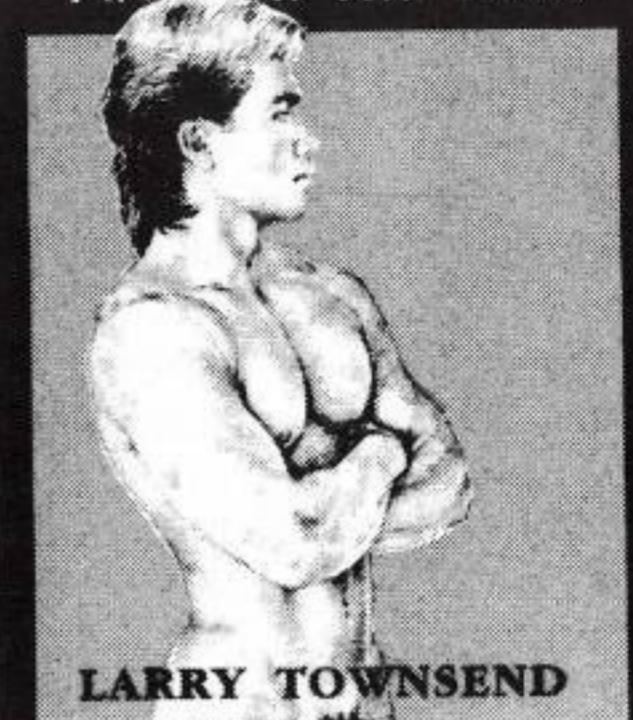

Now, book two: The psychiatrist-sleuth from "Counterpoints" returns with his SM novice/superstar lover (no longer quite so new to the scene) to solve a genuine murder mystery. The book is called *One for the Master Two for the Fool*, but don't let the overly long, totally un-modern title scare you away. Even if "One-Two" lacks some of the strokes of major mastery that make "Counterpoints" so stunningly successful, it has its own kind of deep-driven success to pursue. And it goes for the mystery readers' buttons, passionately pounding them with a madness that only very eventually turns out to have been under control all the time.

What really does Larry Townsend have to offer to mystery and suspense fans? A great deal it turns out. His much-appreciated story telling has, in the past, been largely confined to the setting and describing of leathersex scenes. In these new books, he demonstrates that his

MASTER

TWO FOR THE FOOL

LARRY TOWNSEND

capacity as a story-inventor has been bridled and under-exploited by the sex-first genre. Giving his skills a wider playing field, Townsend gives us superbly entertaining stories in which leathermen--active, ass-beating and licking leathermen--play roles such as we all do in the (sometimes) mysterious world outside our lifestyle.

Masters' Counterpoints and *One for the Master Two for the Fool* are both published by Alyson Publications (from whom we certainly had learned to expect better editing!!). They can surely be found in decent bookstores across the country by now. If you can't locate copies (and they are worth the effort), write to Alyson Publications, Inc., 40 Plympton Street, Boston, MA 02118.

More SM How-To Books

In issue 158, I told you about Race Bannon's ground-breaking book *Learning the Ropes*. I referred to it as the "complete and informed" book in the "SM 101" category. It will always have been the first such effort, and the best for some time. The two new books in the "Learning the Ropes" field are not competition, instead they broaden the range of available information. One is pansexual with a hetero POV, the other is gay male with a blindered POV.

First, the gay male book: *Sir! More Sir!* by "Master Jackson" is not bad. More precisely, it is not evil. Its intentions are good--to inform and educate. Its attempt deserves some attention, but

it is misguided. The writer seems remarkably unsophisticated, provincial to a dangerous extent. You can't doubt as you read it that "Master Jackson" has been there and done that, but the experienced leatherman will see rather quickly that MJ never had a clue about what *there* and *that* were really about. Nonetheless, blindly flailing as it is, "More Sir" stumbles onto some useful information, incidentally tailors some general data for gay male readers, and doesn't seriously hurt the possible progress of novices. While it is not a book to be highly recommended, "More Sir" has things to say that neither Race Bannon nor the author of a basically het text will tell you.

Sir! More Sir! (subtitled "The Joy of S & M") is published by Leyland Publications, P. O. Box 410690, San Francisco, CA 94141. If you don't see it in the bookstores, check with the publisher, giving the name and address of the bookstore where you wish you had found the book.

Next, the more or less hetero-textual *SM 101*. Yep, that's the title this time: *SM 101*, by Jay Wiseman, P.O. Box 1261, Berkeley, CA 94701. This spiral bound, 244 page, one-man book is subtitled "A Realistic Introduction," and it is that. It is realistic, and warm, and personal. It is also very enjoyable. While Wiseman says in the early pages that he is not particularly writing for readers who are already involved in SM, everything here stayed interesting (and sometimes surprisingly informative) for me, although I am hardly a newcomer to the scene. Gay men (this one anyway) are likely to be stunned by the unfamiliar structures in the instructional sections of the book, but you might (between surprises and laughs) also find a tip or two you want to incorporate.

The author offers his work here as a "pillow book," and gives it an all-embracing gay-bi-HET grounding from the first page, without compromising his own well-told het story for a moment. He gives us an interesting take on the usual "safe, sane, consensual" credo, casting the phrase as "safe, legal, consensual" instead. And the voice in which he writes is wholesome, friendly, and almost sod-shack homey as he reels out both his personal history and his well-organized how-to. If you want to read

SM non-fiction that has a pulse and passion, that inspires as much as it instructs, *SM 101* is the book for you, even if it's warped in a het-play way.

At \$25.00, it may seem a bit expensive, but it's easily worth the price. Send Wiseman a self-addressed, stamped envelope, and he'll let you know how to get *SM 101* (if it's not in your local store), as well as his other leathersex related books.

Zeus Gets Hotter

If you mainly know Zeus Studios as the producer of the Tightropes series of

bondage videos, you don't know Zeus at all. Things are much hotter than that (not meaning to step on the toes of the bondage video fans) these days at Zeus.

Take *Steel Dungeon*, one the studio's most recent titles as an example. We have Trenton Comeaux, star of the current RoB catalog; John Hare, the current Drummerboy of the Year; Brian Dawson, Mr. Drummer 1989-90, and Brian's boy Jeff Burnam. If this cast just stood around looking at each other and mugging the camera for an hour, the video would be hot. But, no, they don't stand around for a moment. They're in a real,

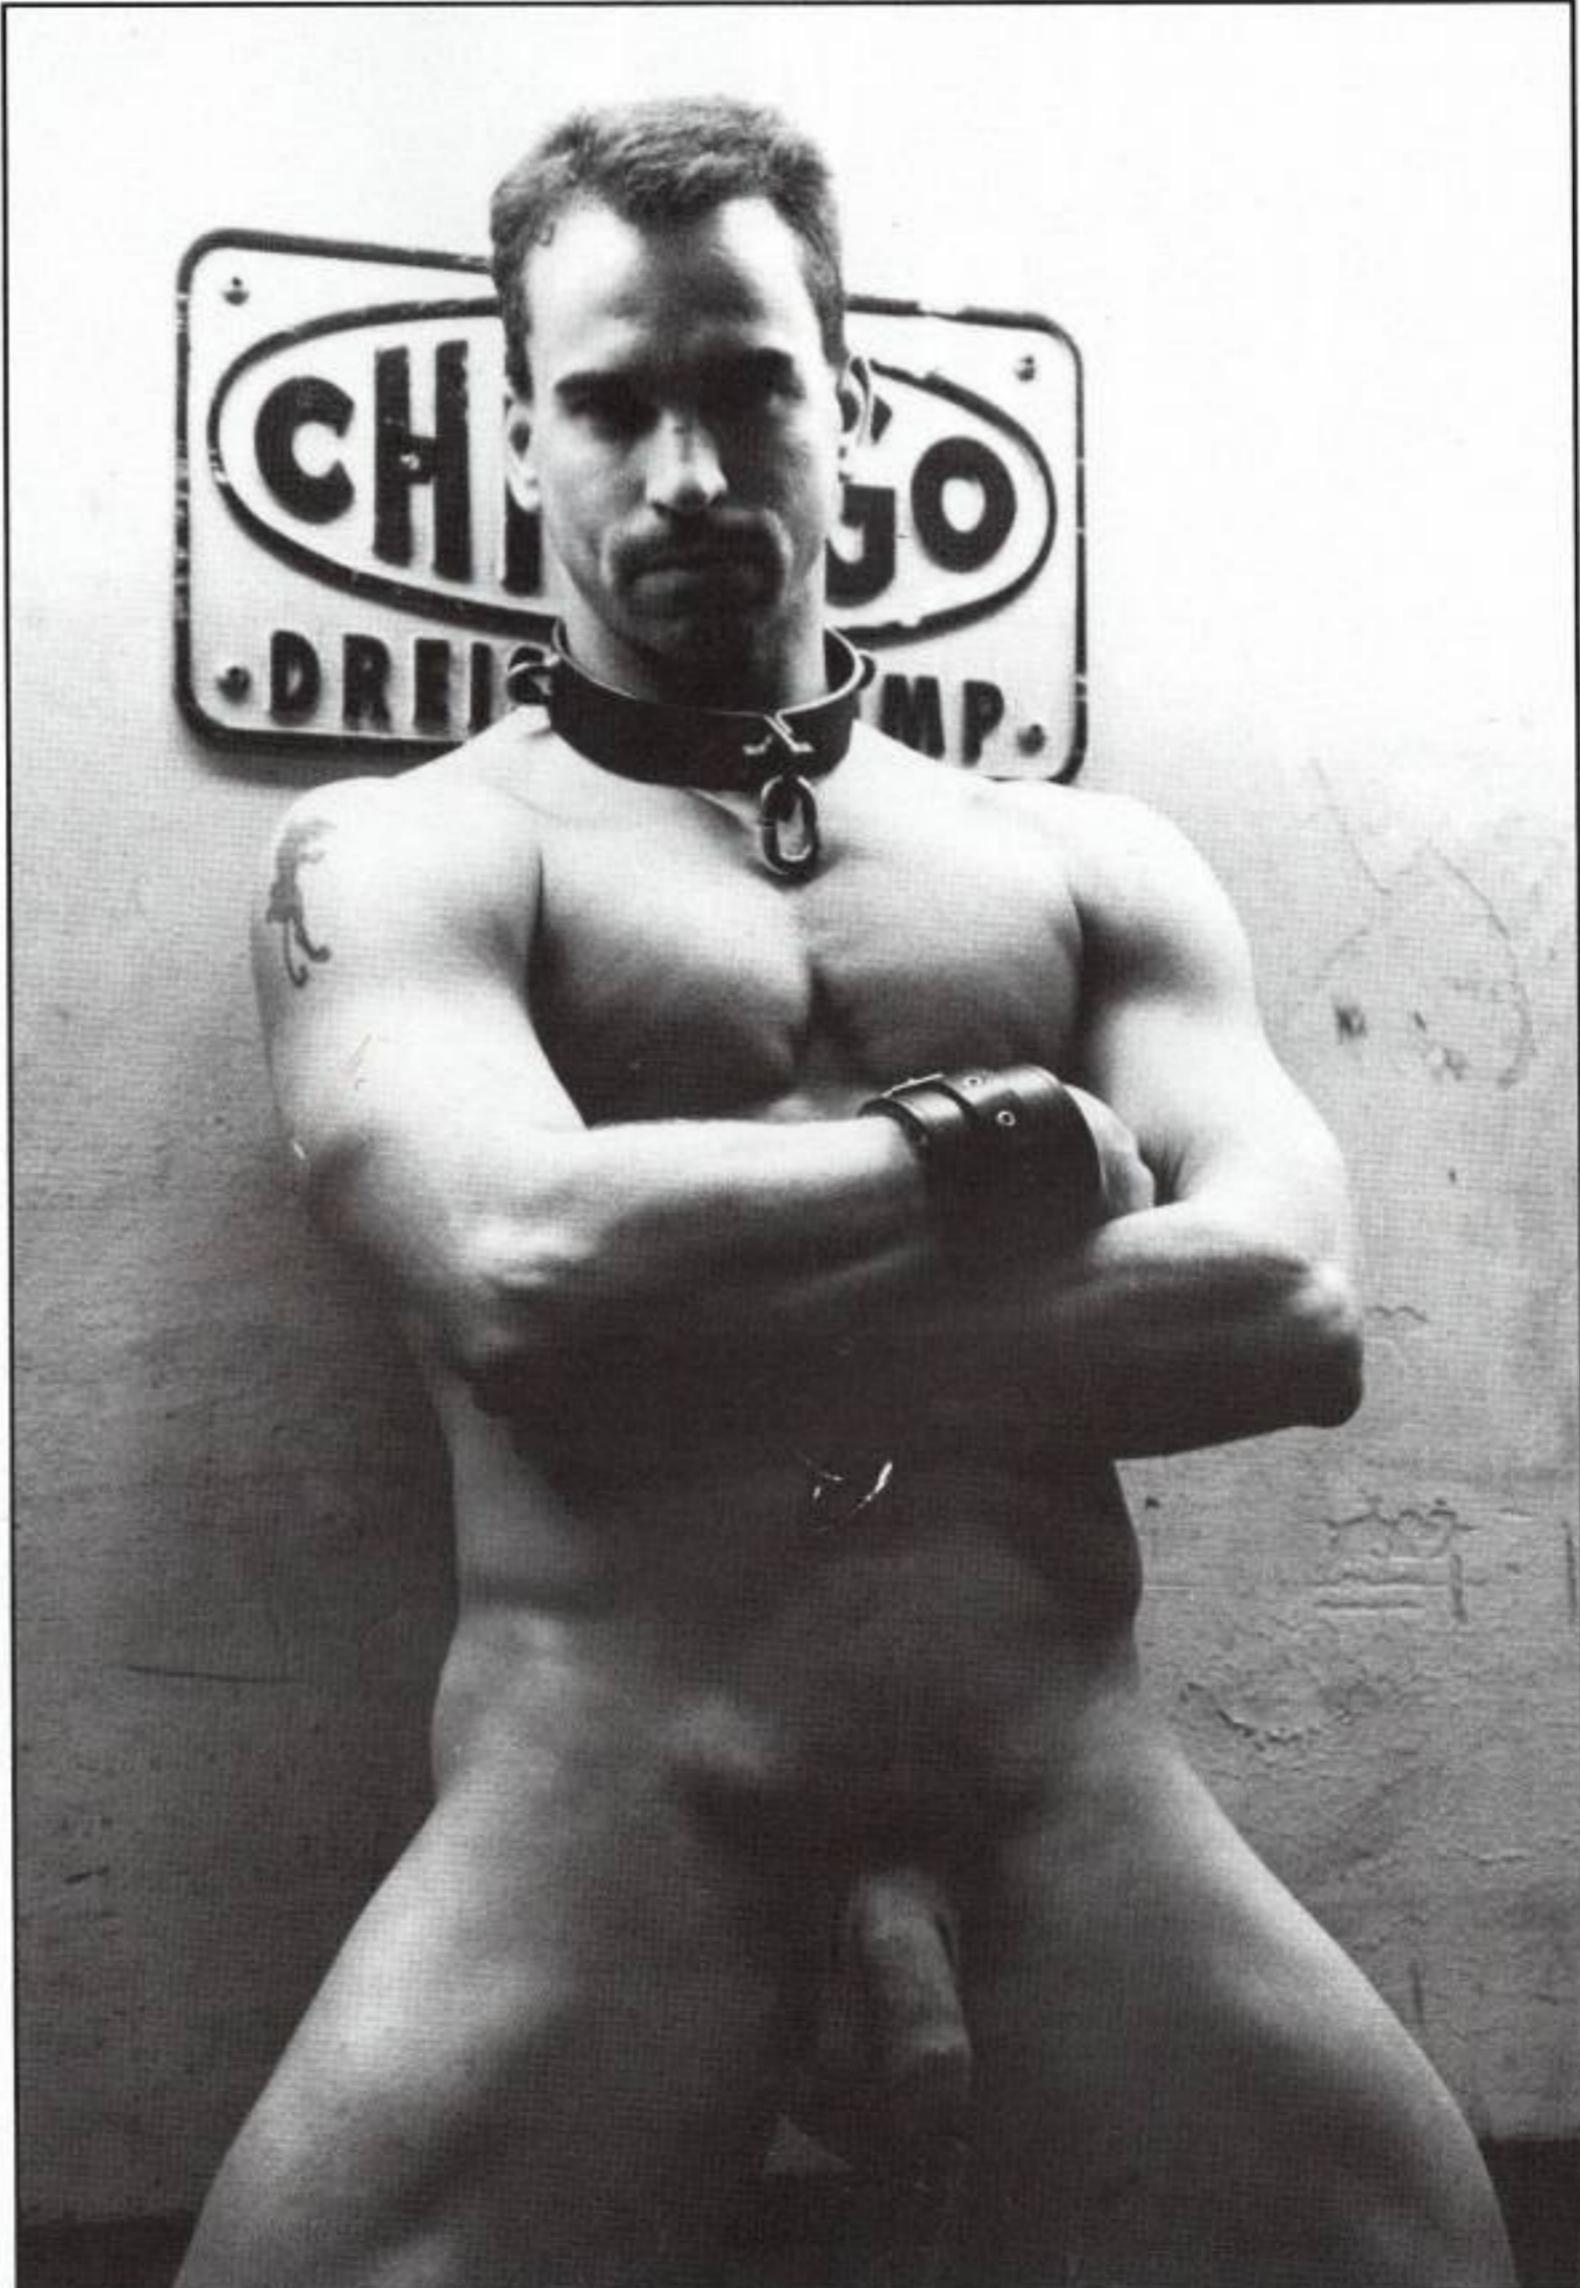

Photo from *Steel Dungeon* by Zeus

working steel mill where Dawson puts the heavy equipment to unaccustomed use as he torments each of his three bottoms.

The tape opens with mill foreman Dawson backing a huge flatbed into the massive mill, hoisting his load off the flatbed... the load, by the way, is Trenton, Jeff, and John, booted, gagged, naked, and suspended by the hoist chain. Then Dawson hits the controls again and the boys go sailing across the building, wriggling at the end of the chain. Each of them then gets a scene with Dawson who is a bit greyer of beard than when he was

Mr. Drummer, but also a bit harder of muscle--hotter in every way in fact.

For Drummerboy John, the scene is a beautiful threatened hanging. If John should lose his balance while his cock and balls are beaten, he'll hang himself. He doesn't slip, of course, and any attempt he makes to pull away from his tormentor just leads to heavier whacking. For Trenton, there's a very uniquely orchestrated flogging. And for Jeff, it's a torture scene on a steel-roller conveyor system. Each boy is forced to cum at the end of his scene, and to join in the next scene in some way. Then all the boys hop

on pop at once and get him to cum too.

There's little point in trying to tell you how hot it is to hear John whimpering "Daddy?" and trying to get Brian to let up. Nothing I can write will tell you how satisfying it is to see a body as perfectly masculine and beautiful as Trenton's trembling and reddening under the floggers. Nor can words express the gentle loving care that is communicated along with the seemingly brutal tortures, especially when Brian and Jeff touch one another.

So, since words won't do the trick, you're going to have to get your own copy of Zeus Studios' *Steel Dungeon*.

A Newsletter for Players

T. A. Feldwebel, editor of *DungeonMaster* from 1988 to 1992, has started a newsletter of his own, *Checkmate*. Issue 1 has 12 pages, not yet including personal ads, and with no intention of including much in the way of commercial display ads. The contents of the issue are impressive: Excellent introduction and editorial by the editor, a "Dungeon Decor" how to feature on building a better "guestroom" door, an extensively illustrated article on hoods by Jim Stewart of Fetters fame and David Taber of fettered fame, a very fine think-piece by Bob Birtles, aka Mark Land, and reviews by Victor Terry. A lot to have in just 12 pages, but each piece is complete and unhurried. Issue 2, we are assured on page one, will be published in February 1993, making *Checkmate* a true quarterly newsletter right from the start.

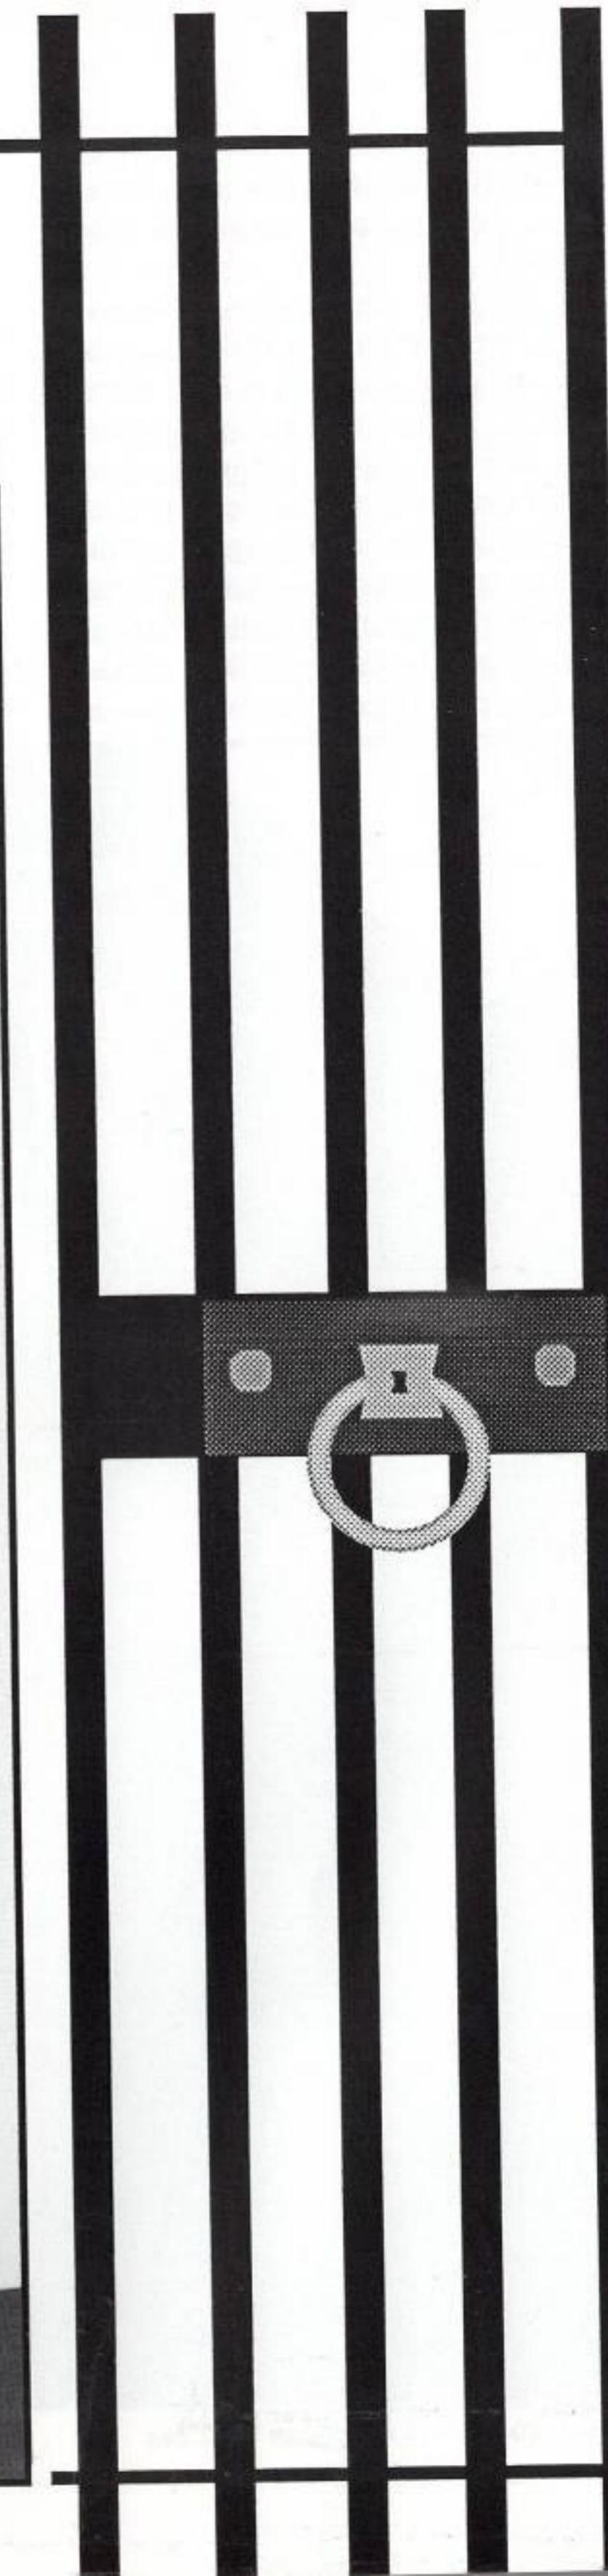

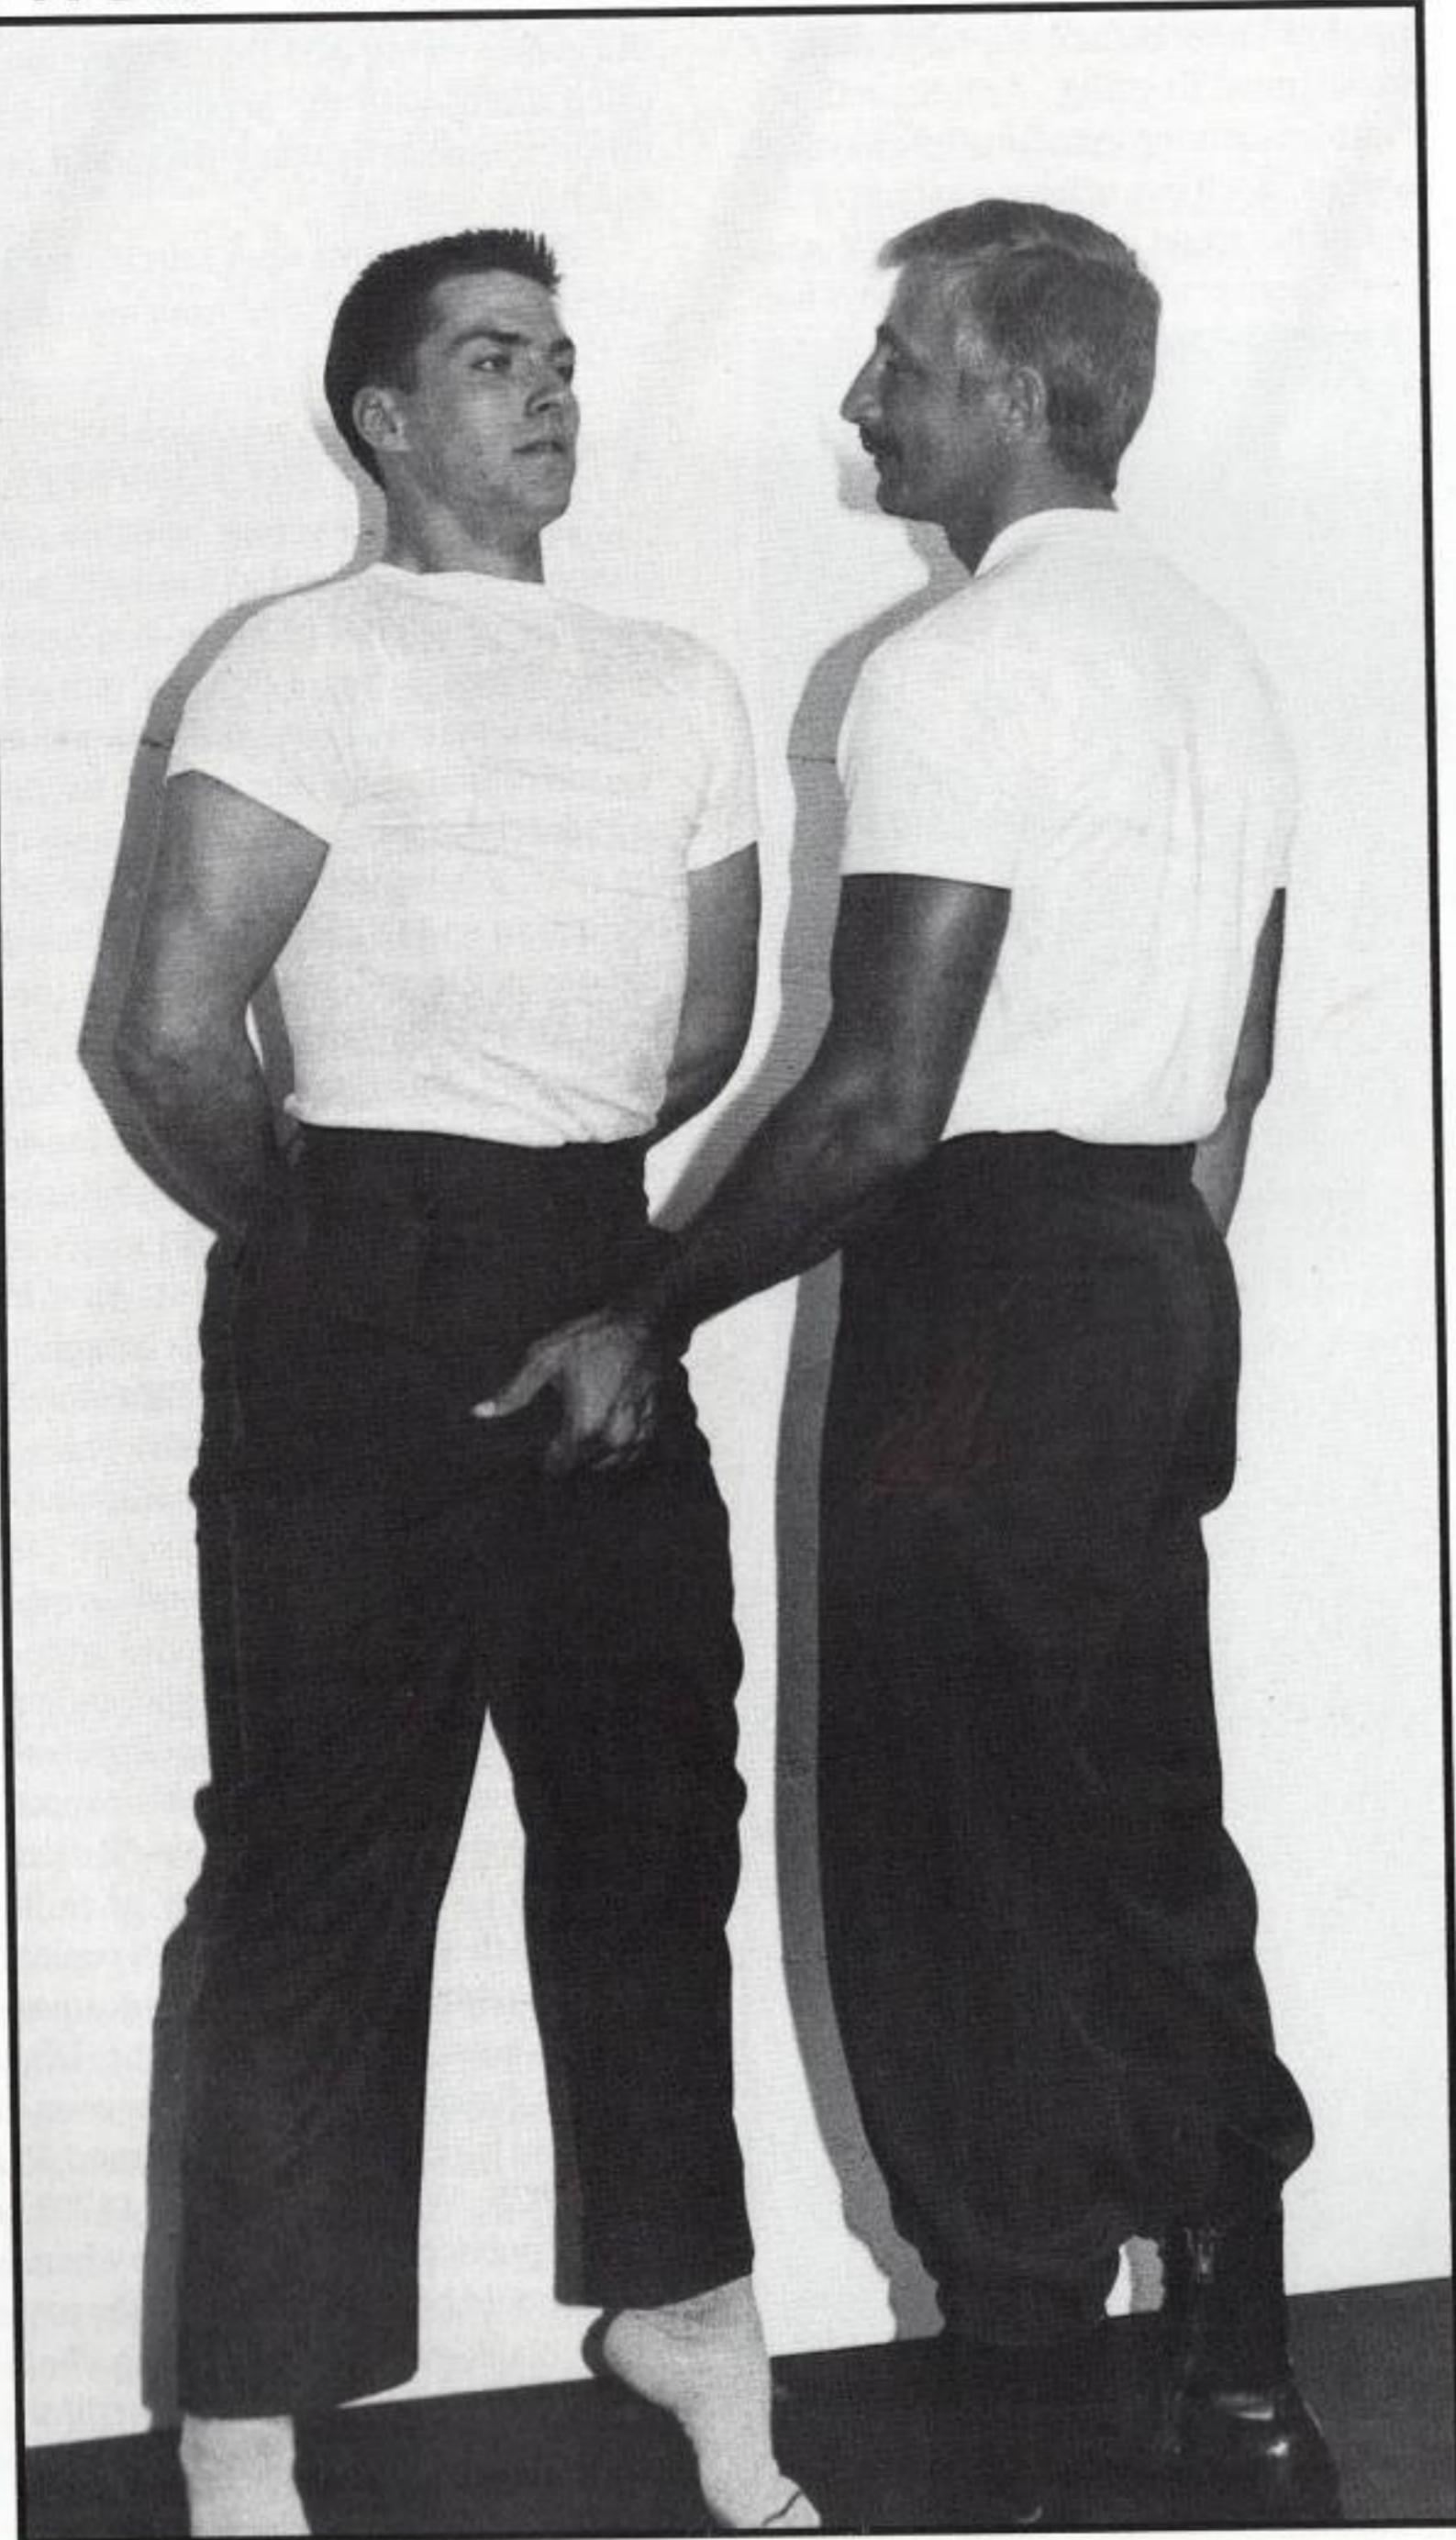

If you want articles by experts, experienced players answering hard questions about serious SM, insights rather than guesses, and the hard-edged professional attitude you have learned to expect from Feldwebel and company, you'll need *Checkmate*. The single issue price is \$4.00, and there are probably still copies of #1 available. Subscription information: 4 issues for \$14.00 in the US, \$16.00 in Canada, \$23.00 to other countries. Send letters and orders to Brand, P. O. Box 825, Wilkes Barre, PA 18703. Since the publication doesn't say to whom checks should be made, I'd leave the pay to line blank--you aren't risking *that* much--or send cash. (I don't think editor Feldwebel or publisher Zero TSM are bank account names!)

CHAPTER TWO

I awoke because the car had stopped moving. Nothing else happened for some time, and I just lay there in the darkness collecting myself and waiting for Terry to open the trunk. My arms and wrists hurt a bit, but I was otherwise okay. In anticipation, my cock started to get hard again.

When the trunk lid finally opened, I was startled by the light. Terry reached in and rolled me onto my stomach so he could unlock and remove the cuffs. When they were off, he massaged my wrists briefly, then smacked my ass and told me to get out.

I turned onto my back, swung my legs over the edge of the trunk, and levered myself to the ground. I was a little unsteady and grabbed the back of the car for support.

"You all right, boy?" he asked.

"Yes, sir," I said. "I'll be fine once my muscles stretch out."

"You can give them a start by stripping off those clothes—except your socks," he ordered. "Put everything else in the trunk, then put your boots back on." My eyes had adjusted by then, and I saw that we were in a well-lit garage, clearly a private one attached to a house, not in an apartment building, and we were quite alone. As I skinned out of my stuff, Terry leaned against the side of the car, watching me. I folded everything neatly and laid it in the trunk.

"Should I lace the boots up, sir?" I asked, and he nodded.

I propped each foot on the car bumper while I laced the boot. I heard some rattling sounds behind me as I worked, but I didn't dare look. When I turned around again, Terry was facing me. He pointed at the floor between us, where a pile of dull-finish metal and chain lay on the cement.

"Put those irons on your feet," he said.

They were the heaviest irons I'd ever seen (and I've seen plenty). They didn't have swing-through bows like modern handcuffs. The old-style cuffs each consisted of two metal half-circles, maybe half an inch thick

and three inches wide, joined by a hinge. The long chain connecting the large leg cuffs could have been used to hoist a motorcycle, and there was an equally heavy chain from its center to a much shorter chain linking a proportionately smaller pair of manacles. All the cuffs were open, and when I closed the leg cuffs over my boots, the metal semicircles snapped flush together and locked automatically. (*Where'd he get these?* I wondered. *Old-style cuffs usually have a flange for a screw lock or a padlock.*) The cuffs were loose enough around my ankles for safety, but I felt their weight immediately, even without trying to walk in them. As I stood up, I realized that my leather-harnessed cock was

The next thing I felt as a leather head harness being pulled over my face, and a thick, chewy rubber plug gag pushed into my mouth.

rock-hard and sticking straight out in front of me. Terry noticed it, too, and smiled.

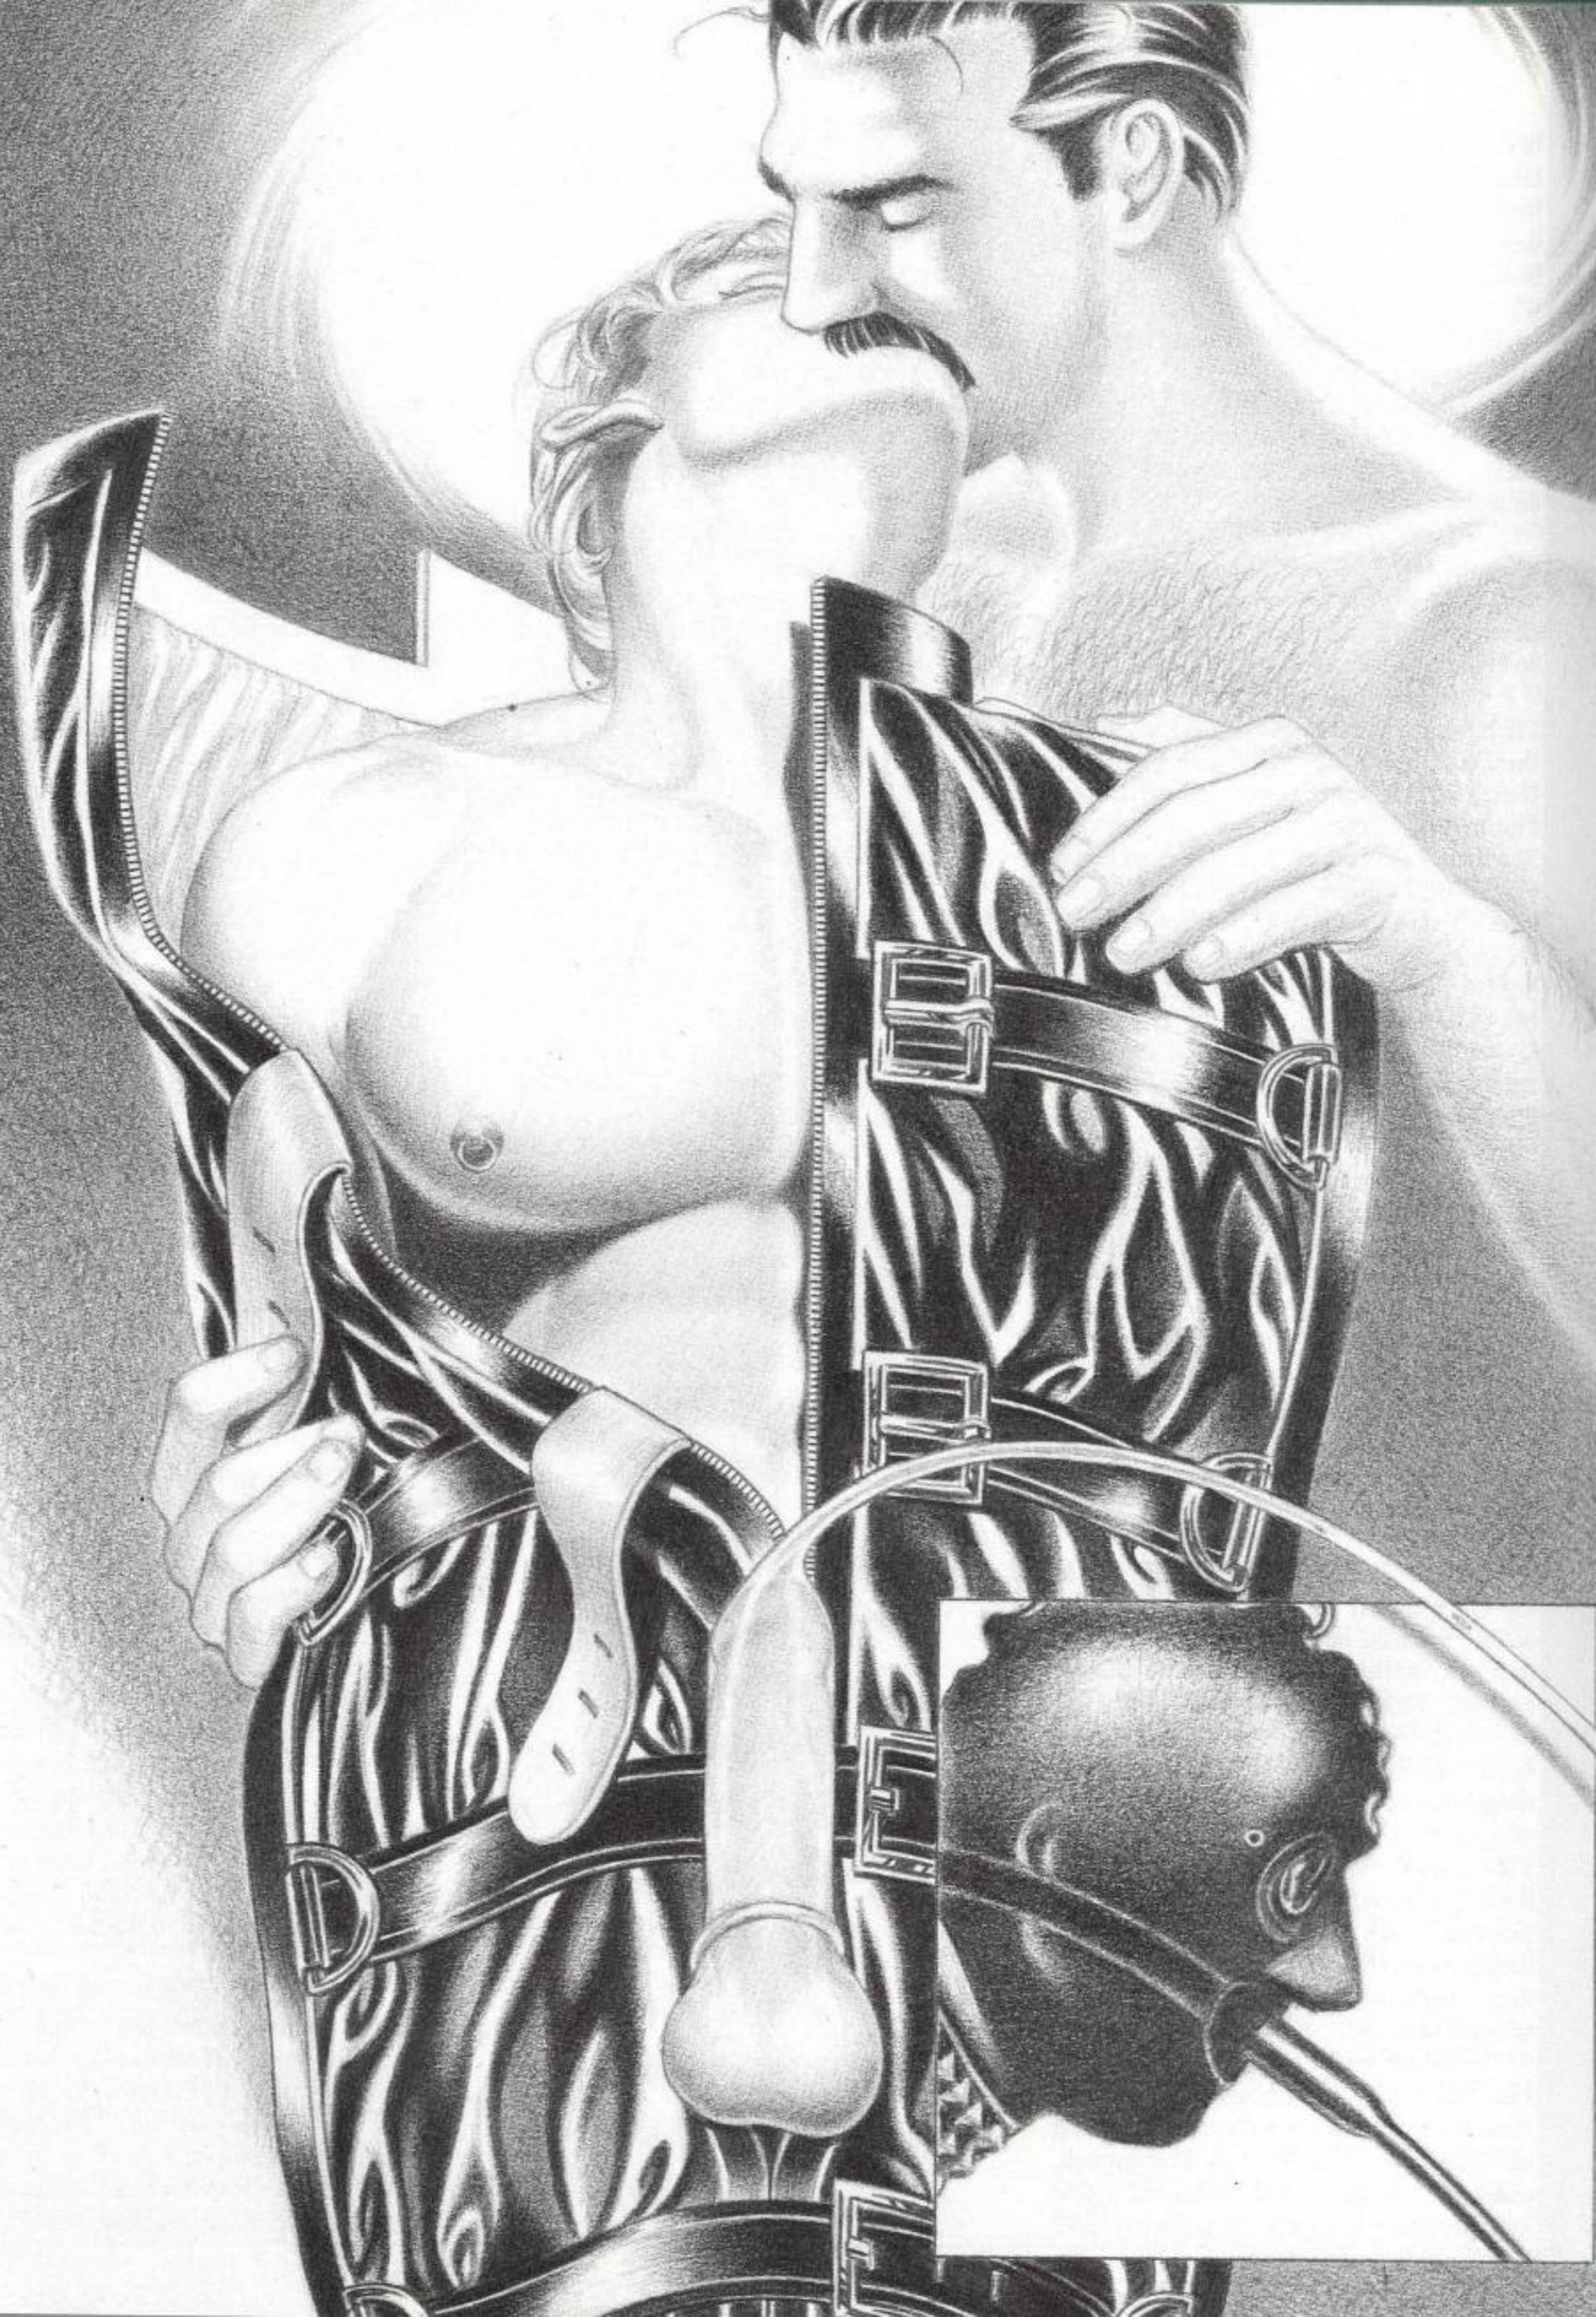

"I see you appreciate heavy metal," he said drily. "Turn around and put your hands behind you."

I complied, and I heard him pick up the manacles. The heavy steel of the connecting chains was cold against my ass as he fastened the cuffs onto my wrists. The weight immediately dragged my arms down. Even if they'd been fastened in front, I could hardly have used my hands for anything. Fortunately, the edges of the thick cuffs were smoothly rounded—despite the weight, they wouldn't lacerate my wrists.

The next thing I felt was a leather head harness being pulled over my face. Soft pads completely covered my eyes, and a thick, chewy rubber plug gag pushed into my mouth. My ears were left uncovered. Terry took his time adjusting the many straps and buckles to his satisfaction, pulling the device tight around my head, forcing the gag deeper into my mouth. He removed the chain collar he had put on me in the bar and fastened the wide harness collar so it was snug but not too tight. I felt his hands moving over me as he checked that everything fit as it should.

My cock was still hard, if anything harder than before, though I was totally vulnerable and helpless. Naked, bound and gagged, blindfolded, alone with a man I barely knew in a place I had never been before—I might have been terrified, but was thrilled instead. Any worries I had were washed away in an adrenalin rush of pure sexual excitement. I was eager to prove to Terry that he hadn't made a bad decision when he allowed me to come on to him back at the bar. His hands moved gently over my chest and stomach and ass, as if to quiet any skittishness, but although I was wound tight I felt strangely calm and ready.

"You're hot as a pistol, boy," he said softly near my ear. "And so am I. We're going to have a good time together." Deprived of sight, I seized onto his voice as if it were a lifeline, feeling his words echo in

brain. He roughly stroked my hard, bound cock, then pulled me against his chest and held me tightly for a few moments. My cock was squashed against his leather coat and my nostrils filled with the smell of leather—whether from the head harness or from him I couldn't tell. Maybe both. I inhaled deeply, then let it out slowly.

He pushed me away slightly and grabbed my cock again, fingering the leather sheath, cock strap, and ball stretcher I had put on hours earlier at home.

"I had some ideas for this equipment of yours, boy," he said, "but this'll do for now. You've even got a D-ring on your ball stretcher, I can use that." I felt him attach something to it before he spoke again.

"Turn around again, and walk where I lead you." I felt a steady tug at my balls—the leash, presumably. The chain between the leg shackles rattled on the cement floor as I turned and followed him away from the car. The sound only added to my excitement. I had no clear sense of direction, but I moved where Terry directed with the leash or a hand on my shoulder or at an elbow. I was moving pretty slowly—those chains were *heavy*—but he didn't rush me.

He guided me up a couple of steps, and the clatter of the leg chain got even louder after we passed through a doorway, as if it were dragging on tile, but within a dozen or so steps inside the house it was muffled by carpet. The air also felt cooler, like air conditioning. We moved through a large room and around a corner, then through another doorway, still on a carpeted floor, and turned again. The leg chain clattered again on tile, and Terry stopped me with my legs up against something hard and cold.

"You probably need to piss," he said as he pushed down on my hard cock, aiming it. "Go ahead. This will be your last chance for a while."

Did I need to piss! The sodas I'd had at the bar were all lined up in my bladder, aching to come out. But I've always been piss-shy, and to take a leak in this situation—excited, erect, in bondage, and with a hot topman holding my hard cock—was almost impossible. I strained, I tried to relax. I thought of canoes on a river, I thought of waterfalls...eventually my dick softened and a few dribbles of pee came out, then a steady flow. *God, that feels good.* When I was finished, Terry shook my cock dry—it got hard again instantly—and turned me around, then led me out of the bathroom back into and across a carpeted room. *His bedroom?*

"Stand there," he ordered finally, and I felt him moving away from me. I listened to the soft sounds of doors and drawers opening and closing, equipment being sorted through, and other unidentifiable noises. In a few minutes Terry came back and again took hold

of the D-ring on my ball harness. He unclipped something, presumably the leash, and then I felt the chain hanging from my manacles pulled forward through my legs and attached in its place. I groaned at the sudden pain as the chain's weight pulled on my balls, but in a few moments it subsided to a dull ache. I took several deep breaths, filling my lungs with oxygen, preparing myself for his next assault. *It hurts so good,* I thought, once again amazed at my capacity for enjoying this kind of action.

I wasn't surprised when he began kneading my nipples and pulling on my tit rings, but I still moaned loudly when he attached a strong clamp first to one tit and then the other. There was a light chain between the clamps—I could feel its pull and the coldness of its links lying against my chest. My heart pounded and sweat slicked my body in response to the pain-pleasure in my tits, balls, and arms. Terry lightly stroked my damp chest hair with his gloved hands, then held me against him and stroked and lightly slapped my backside.

"You look good, boy," he said in a low growl close to my ear, continuing to stroke me and at times to lick and bite at my shoulders and chest. "I bet you hurt, but it hurts real good, doesn't it, wearing those heavy chains and that tight head harness for me?... You like having your tits and balls

pulled, don't you?... You like being blindfolded and gagged and led around on a leash, don't you?... Yeah, sure you do. That's what you need, boy. And I'm gonna give you plenty of it, gonna keep you here, all tied up, for as long as I want.... You'd like that, boy, wouldn't you?"

Well, I couldn't exactly say *no*—and make a liar out of my stiff cock? I moaned through the gag and nodded my head. Terry pushed me backward a little and adjusted my position from side to side until I was where he wanted, and then I felt a pull at the top of the head harness and more cold metal against my back. I tried to bend my head again but couldn't—he must have fastened me to a chain hanging from the ceiling.

He pulled my manacled hands upward behind my back, fastening the chain between them so my wrists hung together over my kidneys. The chain from the manacles down to the leg irons, which was still clipped to my ball harness, pulled tight into the crack of my ass.

"You're anchored, boy. You won't fall," he said, smacking my butt, now a clear target. I swayed a little but couldn't move very far. "You just stand there while I get comfortable.... Stand there and suffer, and think about what else I'm going to do to you...and about what you're going to do for me."

It wasn't too rough, actually. My balls didn't hurt so much from the weight of the chain hanging from them now that I wasn't swinging it back and forth as I moved, my tits had gone quite numb from the clamps, and my arms were pretty numb, too. I worked up some spit to moisten the gag in my mouth, then tried again to move my head. Turned out I couldn't move it off the vertical, but I could twist it from side to side. Of course, with a tight blindfold on, there wasn't much point.

My boots were firmly planted on the floor—at least Terry hadn't pulled me up on tiptoes—and I found I could actually ease the tension on my head and arms a little by moving my feet closer together. But my legs and thighs felt better with a wider stance, so I soon changed back. I imagined him watching me as I made these pathetic little attempts to regain some control of my position. With the carpeting I couldn't hear much of his movements around the room. *What did he mean anyway—"get comfortable"? What's he going to do, change into a bathrobe and slippers?*

I wriggled my shoulders and tried twisting my torso a bit, just to keep some circulation going. Of course, that just made everything that had gone numb start hurting again. *Did he plan all this? The sadistic bastard! Is he lying on his bed watching me twitch?... Playing with himself? Getting ready to plunge his tool into my mouth or ass?... It*

too damn quiet!

I couldn't even be sure he was still in the room with me. *Could he have gone off and left me? Maybe he's watching a movie on TV elsewhere in the house....Arrggh!*

The waiting was really starting to get to me. I twisted violently any way I could, lifting my feet from the floor and kicking out, almost turning all the way around, setting the chains to jangling until I was sure he'd have to come see what was the matter. Nothing. Not a sound. I slumped back into my forced parade rest, exhausted by my tantrum. I pulled in great lungfuls of air through my nose, then sighed them out.

Just as I was calming down, concentrating simply on breathing, I felt a leather glove lightly cup first one asscheek, then the other. I went rigid. Next I felt the sting of an open palm land square on my ass. *Thwaaack!* I jerked at the impact. It was followed by another and another and another, a rain of blistering full-force blows.

At least I have his attention again! I felt warmth spread over my ass and imagined it reddening under his gloved hand. The spanking was actually mostly pleasurable for a while, but then he changed from his hand to something else, something hard, like a paddle or stiff strap, and I *really* felt it. My whimpers became groans, then muffled screams. Tears were flowing down my cheeks before he finally eased off, going back to medium-force smacks with his hands before changing over into gentle caresses that quickly had me melting again.

"Hard of hearing, boy?" he asked, continuing to stroke and knead my back and shoulders and chest. "Didn't I tell you to stand there quietly and wait for me?...Did I say you could dance around and try to pull my ceiling down?"

"Nnrrgh! Mmnnff!" The gag was very effective.

"You've gotta learn patience, boy," he continued, ignoring my noises. "There's a lot of dead time in confinement, a lot of waiting, a lot of hanging around with nothing to do, nowhere to go, no way to move....That's where you are, boy, in my custody, just like you asked. Whether I chain you up in my bedroom or lock you into the cell I've got downstairs, I expect you to behave yourself."

Although I suspected him of deliberately maneuvering me into reacting the way I did, Terry's more-in-sorrow-than-in-anger tone made me feel ashamed, as if I had let him down. I would have hung my head like a boy caught raiding the cookie jar—if I'd been able to move it.

"I told you to get some thinking done while you were waiting, boy. Do you remember?" he asked, while his busy fingers stroked and tickled and pinched me everywhere he could reach. I struggled to comprehend his

words over the distraction of his nonverbal messages, which had me gyrating frantically.

"Did you do like I said? Did you think about serving me?...Did you consider what a favor I'm doing you, bringing you to my house, chaining you up, giving you the discipline you need?...I bet you didn't. I bet all you thought about was how uncomfortable you were and what you wanted me to do about it." Between the tickling and the pinching and the gentle stroking, I couldn't have said *what* I wanted him to do. Part of me wanted him to stop, part wanted him to continue, and part just wanted to howl like a dog at the moon.

"Well, no matter—for now," he said. "You don't need to think tonight. I'll do the thinking for both of us. You just do what I tell you." *Sounds good to me!* I was too much in heat to think clearly anyway.

"Now that I've got that ass of yours nice and warmed up," he went on, "I'm going to stick something in to keep it feeling good. I'm going to plug you up nice and tight, boy....Just relax your asshole and let me in easy, because I'm coming in anyway."

I felt the chain fall away from my balls and then pull away from my asscrack. He must have attached it to something to hold it out of the way, because in a few moments I felt something cold and greasy poke at my hole. What felt like his finger shoved in

slowly and moved around. He pulled it out and paused a moment, probably checking for shit (I'd douched before I left for the bar, so there shouldn't have been any), then stuck it back, rolling it around inside me, pressing on my prostate. I was nervous after his chastisement—afraid of displeasing him further—and I'm naturally very tight, but his slow entry started to relax me, and soon my ass was squirming around his invading digit. It was joined by another, and then another, twisting around inside me, opening me up, making me moan from pain turning into pleasure.

"In case you're worried, boy," his soothing, dark-honey voice told me, "I'm using a latex glove back here, and I have a condom ready for the next stage. Nothing to worry about at all....Just relax....Enjoy yourself....Give your ass to me...give it up...let go...relax....That's right, you're getting it....I'm going to give you what you need...."

I didn't need much convincing. His fingers in my ass felt great, and when he replaced them with his rubberized and greased cock, I bucked back to take more of it with each thrust. He had a nice-size cock, not small and not too big. He managed to hit my prostate with almost every stroke, yet I never felt he was going to push my guts out (some guys enjoy that, but not me). While he pumped, he played with the chain hanging off my tit clamps and with my hard dick, pulling and twisting, giving me an overload of intense pleasure-pain sensations.

I gave myself over to pure feeling as he continued to fuck me and play with me. I was moaning and chewing on the gag in my mouth, and when he finally shouted that he was coming and ripped off the tit clamps, the pain was like an explosion in my head that raced down to my nuts and turned into overwhelming pleasure. I screamed into the gag, my ass spasmed around his thrusting cock, and I shot my load, too, without a hand on me.

I was happily wasted by the time Terry pulled out. He stood for a while with his arms around me, gently fondling my sore nipples. When he eventually disengaged, I had to struggle to remain standing and not just hang limply from the chain fastened at my wrists and head.

"You just hold still for a minute, boy. I have to get something for you, and then I'll let you down."

He was back quickly, and once more I felt his fingers at my asshole.

"Just need to slip this plug into you, boy, to keep your hole filled. Don't want you to forget how good it felt." As if I could! That was a *fuck*!

"Ummph," I groaned as he worked the plug into me. It was wider than his cock, so I had to stretch, but it was well greased and

soon slipped past my asslips, which immediately clamped shut around its neck. While it didn't penetrate me as deeply as his cock had, it made me feel nice and full. I automatically flexed my ass muscles around it, but it wasn't going anywhere.

While I was adjusting to the butt plug, Terry had unclipped the chains holding me up, and he helped me to the floor. I felt the plug shift in my ass as I folded my legs under me.

"You can rest here a while," he said. "I'll come get you when I'm ready." *Ready for what?* I wondered. *Can't we just go to bed now?* Exhausted, I laid down on the carpeted floor and stretched out, still blindfolded and gagged, my arms still chained behind me and heavy irons on my feet.

I heard water running at a distance and bootsteps around the room, then soft, spacy music began playing. I must have dozed off, because the next thing I was aware of was Terry's boot nudging me in the balls.

"Wake up, sleepyhead. I'm not finished with you yet. Kneel up."

I struggled to get upright, feeling the plug shift every time I changed position. Terry helped me, and when I was back on my knees, I felt him working at the buckles on the head harness. He pulled it off in one piece—blindfold, gag, collar, and all. I blinked in the light (which was actually fairly subdued) and licked my lips.

Terry's crotch was directly in front of me, and I could see that he hadn't changed his uniform breeches or boots at all, just removed his gunbelt and leather coat. I noticed that at the crotch and inner thighs of his breeches there was black leather instead of cloth—as in many Tom of Finland drawings. *The seat is probably leather, too,* I thought. Looking up, I saw that his blue uniform shirt was complete with regulation-style badge, nameplate, and collar tabs. The short sleeves showed off his muscular, hairy forearms, and more body hair poked out of the open neck of his shirt. His head was bare, and instead of the standard gray leather gloves he wore a skintight black pair (*the better to pinch me with, I suppose*). One hand held a leather collar and leash.

So that's what he meant by "getting comfortable." I felt my face redden, remembering my nasty thought about a bathrobe and slippers.

"Finished staring?" he asked with a half-grin, his eyes sparkling.

"Sorry, sir, but you look so hot." I said, lowering my head respectfully. On a sudden impulse, I bent down and kissed his boots. He allowed the gesture but cut short any more boot worship, for the time being, by buckling the collar around my neck and attaching the leash.

"Crawl over here," he said as he

turned and began walking away (*I was right, I thought, he did have the whole seat of his pants remade in leather*). I shuffled after him on my knees, straining to keep some slack in the leash. We headed across the pewter-colored carpet toward a reddish-brown leather club chair in the corner. When we arrived Terry pushed away the ottoman and sat down, then pulled me up to his boots.

He picked up a beer can from the low table next to his chair and put it to my lips.

"Wet your whistle," he said. "You're going to need it." The beer was still cold (he must have gotten it while I was nodding out on the floor), and I gratefully drank perhaps a third of the can before he pulled it away.

"Start on the boots again," he said then, "but this time you can work all the way up here," indicating my goal with a hand on his ample basket. A firm pull on the leash directed my face where he wanted it, onto his boots.

It wasn't hard to renew my enthusiasm for tongue-worshipping those black-leather columns planted in front of me, and I was eager to follow the trail all the way up to his crotch, from which I could already catch a whiff of man-sweat and leather mingling in a heady perfume. My chains rattled wildly as I chowed down on boot leather, and my ass clenched spasmodically against the butt plug. The tip of it seemed to touch the base of my

own cock as I knelt at Terry's feet.

I moved back and forth from one boot to the other, working my way up the shafts. I was neglecting the backs, I was so eager to get to his crotch, and I thought he would let it pass. But just as I was about to move my tongue from the top of one boot to the pant leg emerging from it, he halted me, stretching his leg out and putting the back of his boot in easier reach of my face.

"Don't be sloppy," he said. "Do it all."

"Yes, sir," I said and did it all. I even licked the soles once I saw that nothing really nasty was sticking to them—they must have been brushed clean by the carpet.

After I finished both boots, he pulled my face back to his breeches, to continue licking from where I had left off, just above his boot tops, inching closer to the bulge of his cock, first on one side and then the other. The blue serge felt rough and dry under my tongue, and although I appreciate authenticity as much as the next uniform fetishist, I didn't linger any more than I had to.

My arms and wrists hurt from the pull of the heavy cuffs and chain, my jaw ached from holding it open so long, my knees were sore, and my tongue was raw. We'd both come already, and my cock was fairly limp. I considered pulling away and telling Terry I was tired and wanted to go to bed—or home. I didn't really think he would force me to continue serving him, or that he'd hold me against my will. On the other hand, I hated to give up before I had tasted his cock. Or at least seen it!

He gave no sign of noticing any slackening in my efforts, and despite the discomfort, I realized that the slow, methodical service I was giving him was curiously satisfying. As he'd said, I didn't have to think about anything (not that that stopped me!). I didn't have to make any decisions or plans. All I had to do was lick, breathing in the smells of leather and cloth and male sweat. From time to time he ran his gloved hand over my head or face, as though I were a dog he was petting. Sometimes he put a hand between my mouth and his breeches, and licked that instead. When he inserted a finger in my mouth, or two or three, I made little noises as I sucked them, between a purr and a moan. The pains I felt receded in my consciousness, and my cock slowly stiffened again.

"Good boy, good bootlicking crotch-sniffer," he said to encourage me as I approached my goal. "That's right, that's the way to make a man feel good. That's what your tongue is for....No talking, no thinking, just licking....Just slobbering over a man's boots and crotch. That's what you're good for....Isn't that right, boy?"

I bobbed my head and mumbled

assent without taking my mouth off his leathered thigh. Taken literally, of course, what he said was nonsense, and I didn't believe it for a second, nor did I think Terry believed it. Yet I was grateful for his "humiliating" treatment and words—and intensely turned on by them. He was liberating the part of me that was just a sensual animal, freeing it, for a time, from the shackles of my buttoned-down workaday existence as a responsible, productive adult member of society. It felt so damn good to let all that go for a while. I licked harder.

Finally, I reached his crotch. I licked furiously up and down the leather fly, feeling the half-hard cock beneath it with my tongue, feeling his fingers in my hair, pressing against my skull. But he was in no hurry to take his cock out. First he slid as low in the chair as he could and shoved my face back between his thighs so I could lick leather all the way from his balls to his asshole. I struggled for air as I buried my face between the leather of his pants and that of the chair.

Eventually he pushed my head away. I sat back on my heels as he got comfortably seated again. Then, slowly, watching me watching him, he unzipped his pants. He'd already fucked me with his cock, but as a connoisseur of manmeat I was eager to see it, to memorize its special shape and qualities—and to savor its length and thickness down my throat.

His cock sprang to attention in front of me. About eight inches long, it was perfectly proportioned from the mushroom head to its root in his thick pubic bush. The head was a little purplish, and the shaft was all pink and red and white, traced with the faint blue of veins. It was gorgeous.

Terry dug into his pants opening and freed his balls as well—big furry eggs hanging low in their sac. I licked my lips in anticipation. I wasn't even thinking about safety issues. Fortunately, he was.

"I like you, boy," he said, "and as a special treat I'm going to let you suck my cock. But we're not going to take any chances. You can get the shaft nice and wet and hard, and then I'm going to put on a rubber before you deep-throat me. Now, get your face down here and lick."

I didn't need more urging. I tongued his dick from just below the tip to the root, then back again, up and down and around, slurping along it as if I were licking a popsicle. I could smell his precum, tantalizing and luring me, but he wouldn't let me risk tasting it. Probably my own cock was dripping even more, but I didn't have any attention to spare. Terry's cock grew noticeably harder as I tongued it.

"That's enough, boy," he said finally, pulling me off. "Suck my balls while I put on the rubber."

I lowered my head and hunched even closer to him so I could get at his balls without being in his way. I licked each fragrant orb, then sucked it into my mouth and rolled it around. I tried to get both of them in at once but couldn't manage without help. Terry pushed the wayward ball into my mouth and patted my head. My nose was buried in his pubes. My eyes closed.

"Ahhh, that's good, boy...Don't worry too much about your teeth—I like it a little rough, too. Go ahead and chew on the sac."

That made it easier, as I could clamp down with my teeth on the neck of his scrotum to keep the balls in place. I breathed through my nose and held on, rubbing my tongue along the underside of his balls from time to time. I could still smell leather, but the sweat and sex smell was stronger.

"All right, boy, you can let go now," he said. I pulled off his balls and saw his hard cock, a black condom stretched over it.

"Chow down, cocksucker," he said. "Take it all."

I took a deep breath and then sucked the full length down my throat. Now, that was an all-day sucker! I let my throat muscles ripple around his embedded cock for as long as I could, then pulled off slowly, breathed deep, and went down on him again. Soon Terry decided that he'd better control the

rhythm. He held my head and thrust his hips up as he fucked my face, in and out, in and out....

He was primed, and it wasn't long before he gave a final thrust and held it in as he shot his second load of the evening. He didn't shout the way he did the first time, just sighed loudly, "Aaahh!"

Terry held my head down on his cock for a while after he came—I could feel it jerk in my mouth as the last drops spurted into the condom, then slowly soften. It was still semihard when he pulled out. A little to my surprise, he bent his head down and gave me a deep kiss.

"That was nice, boy. Very nice," he said when our lips unlocked. He leaned back in the chair and looked down at his cock. "You know what to do, boy."

I had a pretty good idea. I bent back down to his crotch and caught the end of the rubber with my lips, then carefully pulled it off him. I sat up again and faced him, my trophy dangling off my chin, cum starting to drip from the open end onto my chest.

"Let's not waste this good stuff entirely," he said, taking the used rubber from me and methodically squeezing its load of cum out onto my face. He spread it around with his thumb until my cheeks and chin and forehead were thinly but thoroughly coated with the fast-drying slime, then wiped the residue from his glove and cock on my chest. The sharp smell penetrated my nostrils.

"Now let's get you ready for bed," he said.

"Please sir, I need to piss, sir," I said.

"I know, boy," he answered. "So do I." He looked at me, frowned, and sighed deeply. Did I say something wrong?

"You know, boy," he told me, getting to his feet, "I'd love to give you my piss right now, and I bet you'd like to take it, too. But we just don't know each other well enough to risk it. Wait here while I go to the bathroom. I'll bring something back for you to use."

"Thank you, sir," I called after him, "for being so careful." He just growled in response.

I stayed on my knees in front of the chair, struggling to keep my own pee from dribbling onto the carpet. Terry returned soon with a wide-mouth glass jar, which he placed on the floor between my feet.

"Piss into that, boy, and be sure you don't spill any."

As my hands were still chained behind my back, the only way to be sure of my aim was to crouch down and lower my cock into the jar. The pleasure of letting my bladder empty was mixed with the anxiety that my unguided cock would slip out of position and spray piss on the carpet. And the damned butt plug kept poking different places inside me every time I moved. I was able to complete

the job without mishap, but the concentration needed prevented me from sneaking a look at whatever Terry was doing in the meantime. I heard a rustling sound behind me, over on the bed, like leather being unfolded, and a few clinks of chain, but I had no idea what he was preparing.

I sat back on my heels to signal that I had finished pissing. Terry returned and helped me to my feet. He kept an arm on my elbow to steady me as we walked toward the king-size bed. My shoulders and arms ached from the weight of the heavy manacles and connecting chains that I'd been wearing almost since he took me out of the trunk of his car, which must have been a couple of hours ago. When we reached the side of the bed, he told me to stand still and started removing the chains. As soon as the manacles were off, I brought my arms around in front of me and rubbed my wrists.

I shrugged and rotated my shoulders for relief while Terry unlocked the ankle cuffs as well. Finally, he unbuckled and removed the leather collar—my neck felt strangely naked without it. Looking down at the bed, I saw that he'd laid out a leather sleepsack and a hood, so I didn't expect to have a very long interval of freedom. I wasn't unhappy about that—in fact, my cock stiffened again at the thought of my whole body being laced into leather—but I still tried to stretch out my muscles while I had the chance.

"Sit down and take off your boots, boy," he ordered. After I finished, he took them from me and told me to stand up and turn around again.

I wondered if he would remove the butt plug before putting me to bed, but instead he just checked that it was securely in place. Then he reached past me, picked up the hood, and slipped it over my head. It had eyeholes and an open mouth, as well as nose holes, but I could see a blindfold and some kind of mouthpiece lying on the bed.

The hood was luxuriously lined and padded, and though of course it hadn't been made to my measure, by adjusting the laces and straps Terry soon had it comfortably snug all around. The design was very ingenious, with some sort of bellows or hinge that let me open and close my mouth without altering the fit elsewhere. Despite the padding over my ears, sounds were only slightly muffled. When Terry was satisfied with the fit, he ordered me to get on the bed and into the sleepsack.

To my astonishment, the sleepsack had smooth leather on the inside, too—first-class all the way! I eased my naked, tired body into the cool, glove-soft black-leather maw of the sack and inserted my feet into the bag at the end. I wriggled around in pleasure, it felt and smelled so good, but Terry soon directed my attention to the arm sleeves. So recently released from restraint, my arms

were quickly encased past the elbows and effectively immobilized once again.

"Like the sack, don't you, boy?" he asked with a grin, tapping my hard dick where it poked out of its now-tight leather sheath. "You may feel differently after you've spent the night in it, all strapped up."

I was sure he was right, but I didn't care—and there wasn't anything I could do to prevent it anyway. I just lay there, smiling and waiting to be tucked into my leather cocoon, happy as a pig in shit, my prick poking straight toward the ceiling.

Terry removed the leather cock-and-ball harness I had put on myself at home and instead tied strips of soft leather tight around the base of my genitals. He fastened the sack's collar loosely around my neck, over the hood's collar, and zipped the sack shut from both ends, leaving only my cock and balls sticking out where the zippers didn't quite meet. The sack fit me somewhat loosely with just the zippers closed, but Terry began lacing a long black rope through the rows of small D-rings on both sides of the sack, and it gradually snugged up.

It took some time for him to lace it all the way, and through the eyeholes in the hood I could see him bending over me as he worked. He had a sure economy of movement, as if he were performing an oft-repeated procedure—as it must have been (you

don't buy a sleepsack like that and not use it whenever you can). When he was finished, and had tied off the rope, I could barely move my legs against each other, and my arms were held firmly against my sides. It didn't feel tight, exactly—there was no extreme pressure against my skin—but my body was completely immobilized. I could still roll my head around a bit, until he put a pillow under it and snapped the end of a chain to the top of the hood and fastened it tightly to the bed frame. The pull at the top of the hood tightened it all around my head and face, and kept me from looking anywhere but up. When I felt a tug at my feet, I concluded he had chained my other end to the bed as well. And then he started fastening the heavy straps along the front of the sack!

"You're going to spend the night in this, boy," he explained, "so I won't pull these real tight. Wouldn't want to cut off your circulation or anything." He was as good as his word, and when he'd finished I felt just a slight extra snugness at the points where the straps were attached: ankles, knees, thighs, waist, and chest. The thigh strap crossed my hands and held the fingers flat, and the waist strap pulled my elbows in a little closer.

I was not in any pain from the constraint, and the feeling of secure immobility was delicious. I was quite warm inside the two thicknesses of leather, of course, but the room was comfortably air-conditioned and I hadn't started getting really sweaty. The only oddity was not being blindfolded. I had never before been totally cocooned and still been allowed to see. I relaxed and stared at the ceiling after Terry finished with the straps and moved out of my sight.

I heard some rustlings and a couple of small thumps off to the other side of the bed, the light dimmed even more, and I felt him lie down beside me. There was still soft, atmospheric music playing, but it wasn't the same as he'd put on after he fucked me. When he propped himself up to look down at me, a few moments later, I saw that he had undressed. Now it was I who was encased in leather and he who was naked. It's funny how leather and skin complement each other. The look and feel of naked skin against leather is a lot sexier to me than skin to skin, or even leather to leather. My cock, which had never entirely softened since I got into the sleepsack, stood proudly erect, demanding attention I was in no position to give it.

"All comfy, boy?" he asked, looking into my eyes. He had his lopsided grin again, which I was quickly learning meant, *be ready for anything*.

"Yes, sir, thank you, sir," I replied with a smile. "It feels great."

"That's good. You look great, too, boy, all wrapped and strapped in leather—like a big butterfly larva. But you don't need

to see anymore." With that he snapped the blindfold in place; the thickly padded eyecovers blocked all light.

"Ahhh," I moaned softly, feeling complete. Terry put an arm around me, threw one leg across my body, and rested his head on the pillow next to me. I was half dozing when he spoke again.

"I had a good time with you tonight, Matt," he said. "I'm glad you came on to me in the bar the way you did."

"So am I, sir."

"Well, I think you deserve a reward. I'm going to let you come again before we go to sleep. Open your mouth."

He stuck his hand in my mouth. "Wet it good," he said, "cause that's the only lube you're going to get." I slobbered over his fingers.

When his spit-slick hand first stroked my hard cock, I almost screamed, it felt so good. He teased me, as if he were in no hurry, running his hand up and down the shaft and twirling one finger around the head. I was leaking—I could taste my own precum when he returned his hand to my mouth for more spit.

It's surprising I didn't shoot quicker, but when I'm stimulated for a long time without coming, as I had been the last hour or so, it takes a while to convince my gonads that they can really let go. Terry fondled and stroked my cock lazily while I moaned and tried to thrust. If I had been able to, I would have been humping up and down on the bed. After a few minutes of this pleasurable torture, he used his secret weapon: He reached under my ass, poked into the sleepsack through the rear opening, which he must have left unzipped on purpose, and fingered something on the end of the butt plug. It started buzzing in my ass! The damn thing was a vibrator!

I was a goner, then. He gave my cock maybe half a dozen hard strokes before I went berserk and shot off like a cannon.

"Ahhgggh!" I screamed, uselessly thrashing against the restraints. Terry quickly clamped a hand over my mouth, and I yelled into his palm during the afterspurs.

My whole body went limp finally, except for a little twitching, and Terry switched off the vibrator.

"Oh, God, sir!... Thank you, sir!... That was incredible, sir! Thank you!"

"You're welcome, boy. Now lick my hand off," he said with a low growl. He had caught my cum—or scraped it off wherever it landed—and was feeding it to me. I licked and swallowed between pants for breath.

He let me lie undisturbed for a couple of minutes till my breathing returned to normal. (*When have I ever come like that?* I wondered. It made my explosion earlier this evening seem like nothing.) Then he said I'd

better piss again or I'd never make it through the night.

"I don't want any piss stains in my sleepsack, boy." I wasn't about to argue, but I didn't see how I'd be able to piss strapped up like I was. Terry had it all planned out, though. I felt him slip something rubbery over the end of my cock and work it down to the base.

"You just go ahead and piss into the tube, boy, and it'll drain into the jar." It was a weird position to piss in, but eventually my plumbing adjusted and the flow started (I guess being blindfolded made me less piss-shy). It felt damn good, too—not as good as coming, but a close second. Terry held the tube tight at the base of my cock and kept it angled properly so the piss didn't leak backward. When I was finished, he pulled away the tube and gently tucked my now thoroughly limp cock and drained balls inside the sleepsack. I heard a small click and deduced that he'd padlocked the zipper ends together. *Who's he think I am, Houdini?*

"You don't need your mouth anymore now, either," he informed me, "so I'm shutting it for the night."

Having had some bad experiences in the past with long-term gags, I was suddenly worried again. I started pleading for exemption, but he cut me off.

"Don't you trust me yet, boy?" he

asked with some impatience. "There's nothing to worry about. I'm just going to put a chin cup and mouth cover over the hood and strap it in place. Nothing is going inside your mouth, and there are holes punched in the leather so you can still breathe if your nose clogs for any reason. Okay, boy?"

"Yes, sir. Thank you, sir." Once again reassured, I relaxed into a delicious state of surrender as Terry attached the mouthpiece to the hood. The chin cup kept my jaw firmly closed but not clamped so tightly that I couldn't part my lips and pull in some air through my teeth.

"Good night, boy. Sleep tight now," he said with a chuckle next to my ear.

"Uuu-ni-sr," I mumbled back at him.

I felt him settle into the bed next to me, and soon the music shut itself off and the only sounds were his and my breathing. In a few minutes his breathing slowed and deepened to soft snores, and shortly after that—sooner than I would have expected under the circumstances—I felt my own consciousness slip away. Wrapped in safe leathery darkness, I slept, too.

* * *

The first time I woke during the night, I floated up to full awareness very slowly rather than waking with a start from a dream. That suggested I was on the high end of a normal sleep cycle, so I had probably been asleep about four hours.

Despite the slow return to consciousness, I was disoriented and confused at first. It took a few moments before I recalled where I was and why I couldn't move. I felt very strange, almost disembodied. I wasn't really numb from being restrained, but the constant, identical pressure at all my extremities—indeed, all over my skin—had sent my sense of touch into a dormant state. *Wake me when something new happens*, it seemed to be saying. Vision, of course, was also absent, there was nothing to taste, and there were no new smells to engage me. All that was left to me was hearing, which in the quiet of Terry's bedroom seemed hyperacute. My whole consciousness seemed to be a sphere defined by the farthest sound that caught my ears, which was the rushing of cool air from the vents at the top of the walls. Nearer was a clock ticking softly, and nearer still was his rhythmic breathing by my side. Nearest of all was my own breathing and heartbeat, which seemed unnaturally loud.

Of course, I soon felt a myriad of small irritations, itches and twitches, which were magnified after I was fully awake and had experimentally flexed my limbs against the restraints. But there was nothing I could do about them, and they subsided as I concentrated elsewhere. If I had been free to move,

I would have gotten up to piss again, but for now I was able to suppress the urge without much trouble.

If I concentrated, I felt that I could direct my awareness freely anywhere within the sphere of sound, from the air vents to the clock to Terry to my own body's unceasing processes. I could focus in on the pulsing of my blood, seeming to sense its motion through my arteries to the smaller arterioles to the capillaries that fed oxygen and glucose to my tissues, then back to the veins that returned it, now depleted of nourishment, to my heart. My overall pulse was slow and steady, relaxed. I thought I could feel the urine slowly dripping into my bladder, filling and distending it. I felt the flexing of my small intestine as it pushed along the remains of my dinner. I felt sweat beading out on my skin and trickling down to pool at the bottom of the sack. I felt my spent cock shriveled in its now too-loose bindings.

It seemed as if I could turn and look down on myself in the bed, or at Terry beside me. I used my limited visual memory of the room I was in to guide my astral explorations.

Certainly the darkness made no difference to the clarity of my mental gaze; it was as if I created my own light for whatever I "looked" at.

I studied Terry's form for a long time as he lay there, half on top of the covers, half under them, admiring the natural musculature of his body, which was fit but a little softer, less defined than my own gym-conditioned physique. I remember how it had felt to take his cock into my mouth, how his strong hands had felt on me—guiding, restraining, punishing, protecting. Much as I had enjoyed licking his boots and leathered crotch, I would have liked at that moment just to lick *him*, his naked body. I would start at his feet, sucking each toe and driving him crazy licking his soles, then work all the way up to his hairy chest and even his mustached face. *Just the dimple in his chin is worth half an hour at least*, I thought. *And his ears! I'd fuck his ears with my tongue!* I felt like a topman, thinking I'd play his body like an instrument with my talented tongue, driving him into a distraction of pleasure, helpless to resist me.

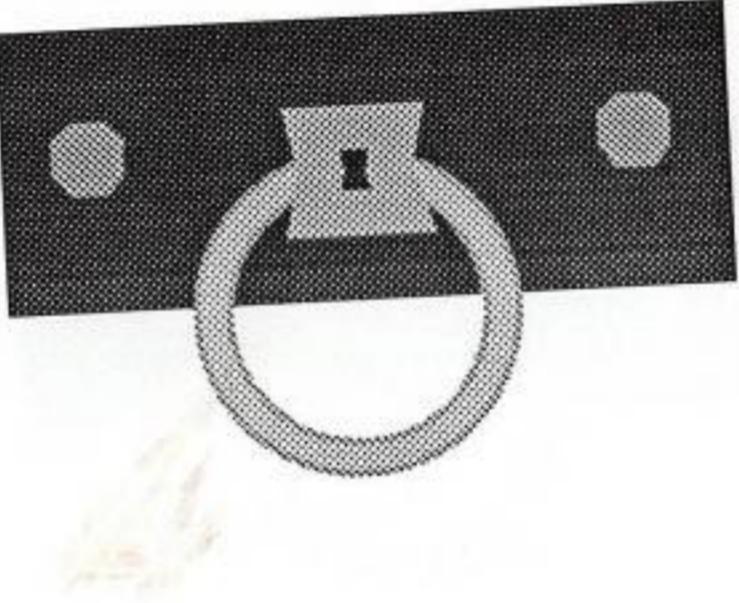

He was free to move in his sleep, of course, and as I "watched" he turned and threw an arm over my leathered form. His face against my shoulder, he breathed in the leather smell and smiled happily. Inspecting his handiwork from the outside, I thought he might well smile. Perfectly trussed, I made a pretty package. No mummy of ancient Egypt was ever more neatly wrapped.

Ahh... I must have looked too long on my own form. I felt myself pulled back down into my body, once again confined, limited by a leather sack and strong ropes and straps.

Vainly trying to stare out through the sightless hood, futilely flexing against unyielding restraints, I gave way to a kind of animal panic. Breathing became hard; I felt as if the straps around me were crushing my chest. I imagined the sack tightening further and further, squeezing me like a trash compactor. A scream started in my throat.

No! This is nonsense, I told myself. *There's nothing to be afraid of. I'm perfectly safe. I can handle it. I will handle it.* I had no doubt that if I screamed, Terry would hear. But I would have been ashamed to wake him, to confess my inadequacy in the face of the most careful, comfortable, sensuous bondage anyone could want. And I did want it. I needed it. *This is why I went home with him. My cock might not be hard now, but this experience is as important to me as the cocksucking, the fucking, the bootlicking, the spanking, the role-playing, the pain games. More important.*

My pulse slowed again, and my breathing eased and slowed. I willed myself to relax and savor my immobility. To treasure it. I wasn't trying to recapture the exciting feeling of bodilessness I had enjoyed earlier; it was time to move on to a new stage. Instead of trying to replace my unemployed senses

Much as I had enjoyed licking his boots and leathered crotch, I would have liked at that moment just to lick *him*, his naked body. I would start at his feet...

with projections, I sought to empty my mind altogether. I used the smattering of meditation discipline I had learned to still my racing thoughts, to bring my mind down to the same relaxed, instinctive pace as my body. *It's all right if I sleep again. Indeed, I can sleep again. There's no need to do anything else.* I focused on my memory of the moments after my last orgasm—the sense of fulfillment, repletion, happy exhaustion. I felt as if my body were rocking slowly back and forth, and then I seemed to begin spinning around, slowly at first, ever so slowly, and then faster and faster as I sank deeper and deeper into oblivion.

The rest of the night passed in a confused blur, with no clear demarcations between sleep, trance, and waking. I had vivid dreams, which disappeared instantly on waking. I alternated several times between feelings of soaring liberation, when it seemed as if I could go anywhere and see anything, and feelings of claustrophobia, when it seemed as if I must cry out for release. My bladder became more insistent, yet I was still able to suppress the urge to piss.

The hardest challenge was not to cry out when I finally felt Terry stir beside me and get out of bed. I'm sure he must at least have checked that I was still breathing, but he probably wanted to get himself together before dealing with me. I heard him walk away, and I could hear his bathroom noises: pissing, showering, shaving, brushing his teeth. Afterward he moved around the bedroom for what seemed a long time, making noises I couldn't easily identify. *Is he getting dressed? Why's it taking so long?* Only then did he come over to check on me. He stroked my face of the hood lightly and softly called my name, as though he didn't want to wake me if I were still sleeping. When I made a noise in response, he unchained the hood and removed the mouth cover and blindfold. I blinked at the strong daylight that streamed into the room—one wall seemed to be a glass from floor to ceiling.

"You okay, Matt?" Terry asked.

I tried to say, "Yes," but my mouth was dry and it came out a croak.

"I'll get you some water," he said, then turned away. By the time he returned, I had been able to squeeze out some saliva and flex my stiff jaw, so I was able to say, "I need to piss real bad, sir," as he bent over me again.

"I know you do. Just hold it for a little longer. Drink this first." He held my head and put a glass to my lips. I sipped slowly the cool water and felt better when I'd finished.

Terry let my head fall back onto the pillow and turned his attention to the sleepsack. The straps and lacing came quicker than they had gone on, and in a

few minutes I was "unshelled," my sweat-slicked body exposed in the open sack. He made me sit up so he could get behind me and unlace the hood.

"Sleep well?" he asked with a grin when he had it off and was standing in front of me again.

"It was...a trip. Thanks," I replied, smiling back. The "sir" dropped away, for now, as the last of his restraints came off.

"You're going to need a little help walking at first," he said, "so stand up and hold onto me." I felt a brief wave of dizziness as I got to my feet, and my legs had a tendency to buckle at the knees. But Terry held me up and started walking me around the room slowly. When I was steady again, he pointed me to the bathroom. "You can take that piss now."

I was finishing at the toilet, sighing in relief and trying to disperse the fog in my brain, when he came to the door with further instructions. I noticed now that he was wearing loose jeans, tan shitkicker boots, and a gray uniform shirt with his name embroidered over the pocket, like a mechanic or a construction worker. They looked perfectly natural on him, too, like work clothes, not a cruising costume. What's he do for a living? I wondered

"When you take out the butt plug," he said briskly, "strip off the condom and throw it out. Leave the plug on the shower ledge. After you shower, use the gray towel. There's an extra toothbrush laid out, too. When you finish, put on the clothes I left on the bed—they should fit you well enough—and your boots and join me in the kitchen for some brunch. Just follow your nose. Don't be too long, now. It'll be ready in about forty minutes."

I nodded, and he left me to go through my cleansing rituals alone, including taking a really good shit after I pulled out the butt plug. It was the first time in his house that I was completely free of any restraints, and while I enjoyed the freedom of movement—particularly in the extra-large shower, where I luxuriated under the hot spray from several strategically placed nozzles—I also wondered if our SM encounter were finished.

Will he just feed me and send me on my way? Or are other treats in store for later? And which do I want, anyway? After all, I got into this scene because I was horny, and I'm certainly not horny now. Terry seems pretty relaxed and laid-back, too, no longer entirely the tough, demanding topman of last night.

And what kind of a bottom am I this morning?, I asked as I studied my face and body in the bathroom mirror, rubbing my light beard stubble and wishing for a razor. No marks or damage, anyway...no souvenirs?

Now where did that nasty thought come from? Do I want welts and bruises? Well...I flashed myself an evil grin as I felt my cock begin to stiffen—once a pushy bottom, always a pushy bottom—and left the bathroom.

I wandered around the bedroom, as I finished toweling off, and tried to match things up with my dreamlike view during the night. The room was wide open on two sides. Besides the glass wall, which turned out to look onto a landscaped patio filled with brilliantly colored flowering plants (a sliding door gave direct access), the adjoining wall was mostly windows, too—these overlooked a broad lawn, running up to a thick hedge and tall trees. *Where the hell are we, anyway?*

There were only a few pieces of furniture, and no knickknacks or clutter. The bed had a sleek wooden frame, stained black and oil-finished, with sturdy short posts at each corner—I smiled at the heavy-duty ringbolts in the posts (*probably not the way it came from the store!*). On one side of the bed was a large night table/bookstand with a modern lamp, and on the floor in front of it, over the carpet, was a brilliantly colored Native American rug. Even the speakers for the music I'd heard were built into the walls. A control

panel for the system sat on the night table.

Terry's uniform and the other gear from the night before were nowhere in sight (*so that's what he was doing while I was lying there ready to burst!*). There was no dresser or armoire he could have stowed them in, but I soon found a walk-in closet with built-in shelves and drawers. In a quick glance—I didn't want to risk being caught snooping—I saw the sleepsack and hood neatly hung up along with the chains and paddles he'd used, plus several different uniforms. But there was less equipment than there should have been if the bedroom were his main play space. *Maybe he has more than just a "cell" in his basement*, I speculated.

The heavy-duty ring in the ceiling I'd been chained to was on the other side of the bed. The chain hanging from it was now pulled over to a hook on the nearby wall, and there were enough ring plates set into that wall and its baseboard to spread eagle a man or hold him in an "A" or a "Y" position.

Over the bed hung a large, square black-and-white photograph of a man in a leather hood and leather pants crouching down and clinging to a metal ladder. The image looked familiar. *Could it be...?* I went close enough to check the signature: Robert Mapplethorpe. *Well, well...*

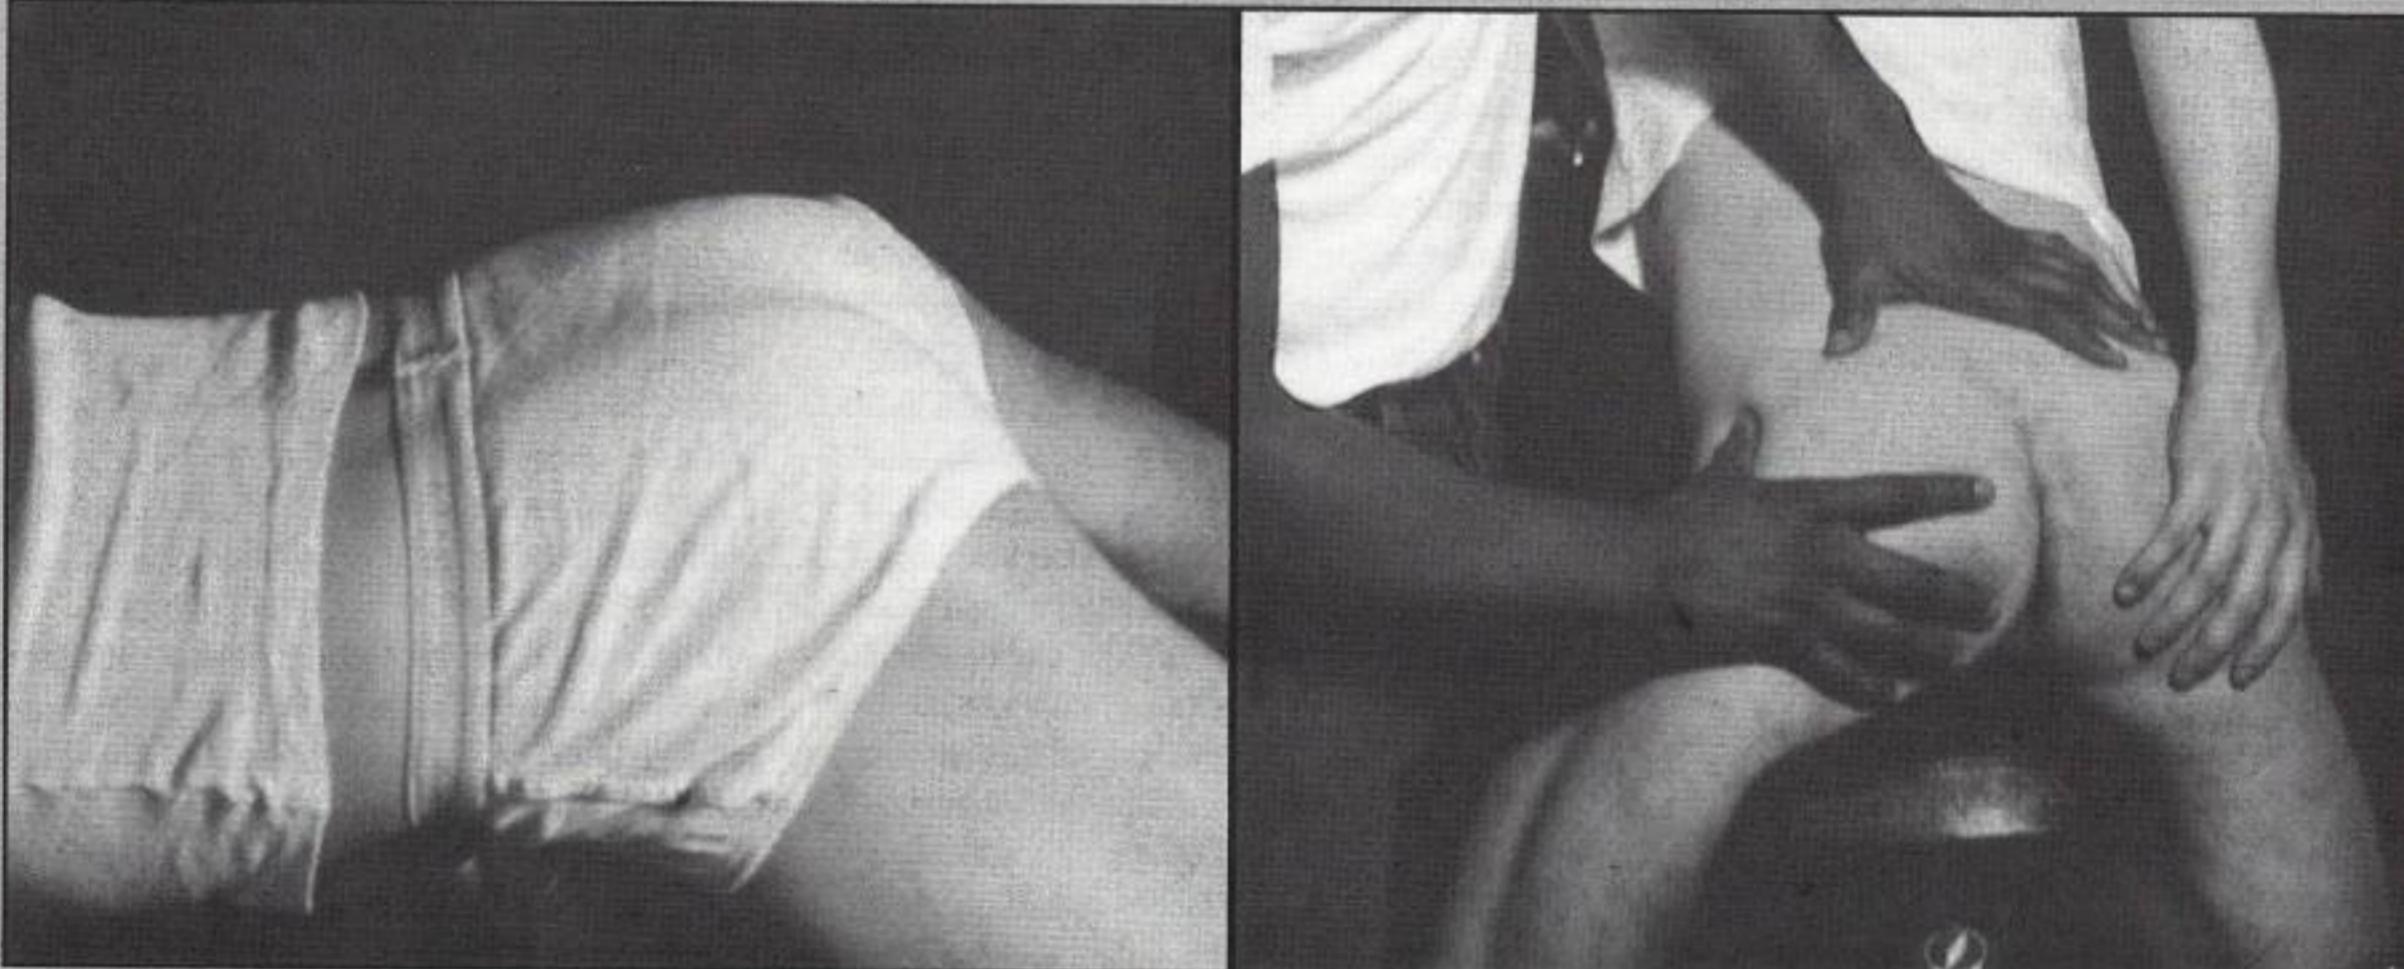

The only other piece of art, except for the museum-quality Indian rug, was a pale colored drawing over the night table. It showed a house set into a sea cliff, just above a tower of spray from the waves breaking beneath. The building was so artfully married to the rock face it was hard to tell where one left off and the other began. Its strong horizontal thrust, gripping the earth it emerged from, was countered only by a single slender spire projecting above it. I'd never encountered this image before, but the style was vaguely familiar, and I wasn't surprised to read the signature: Frank Lloyd Wright. It looked like an original, too. *Very impressive*, I thought, *but why just these two pieces?*

The clock on the night table said 10:25. I estimated that I'd had only about six hours of real sleep, but I felt pretty good anyway. While I wouldn't have minded a few more winks, I wasn't nodding off in my tracks, either.

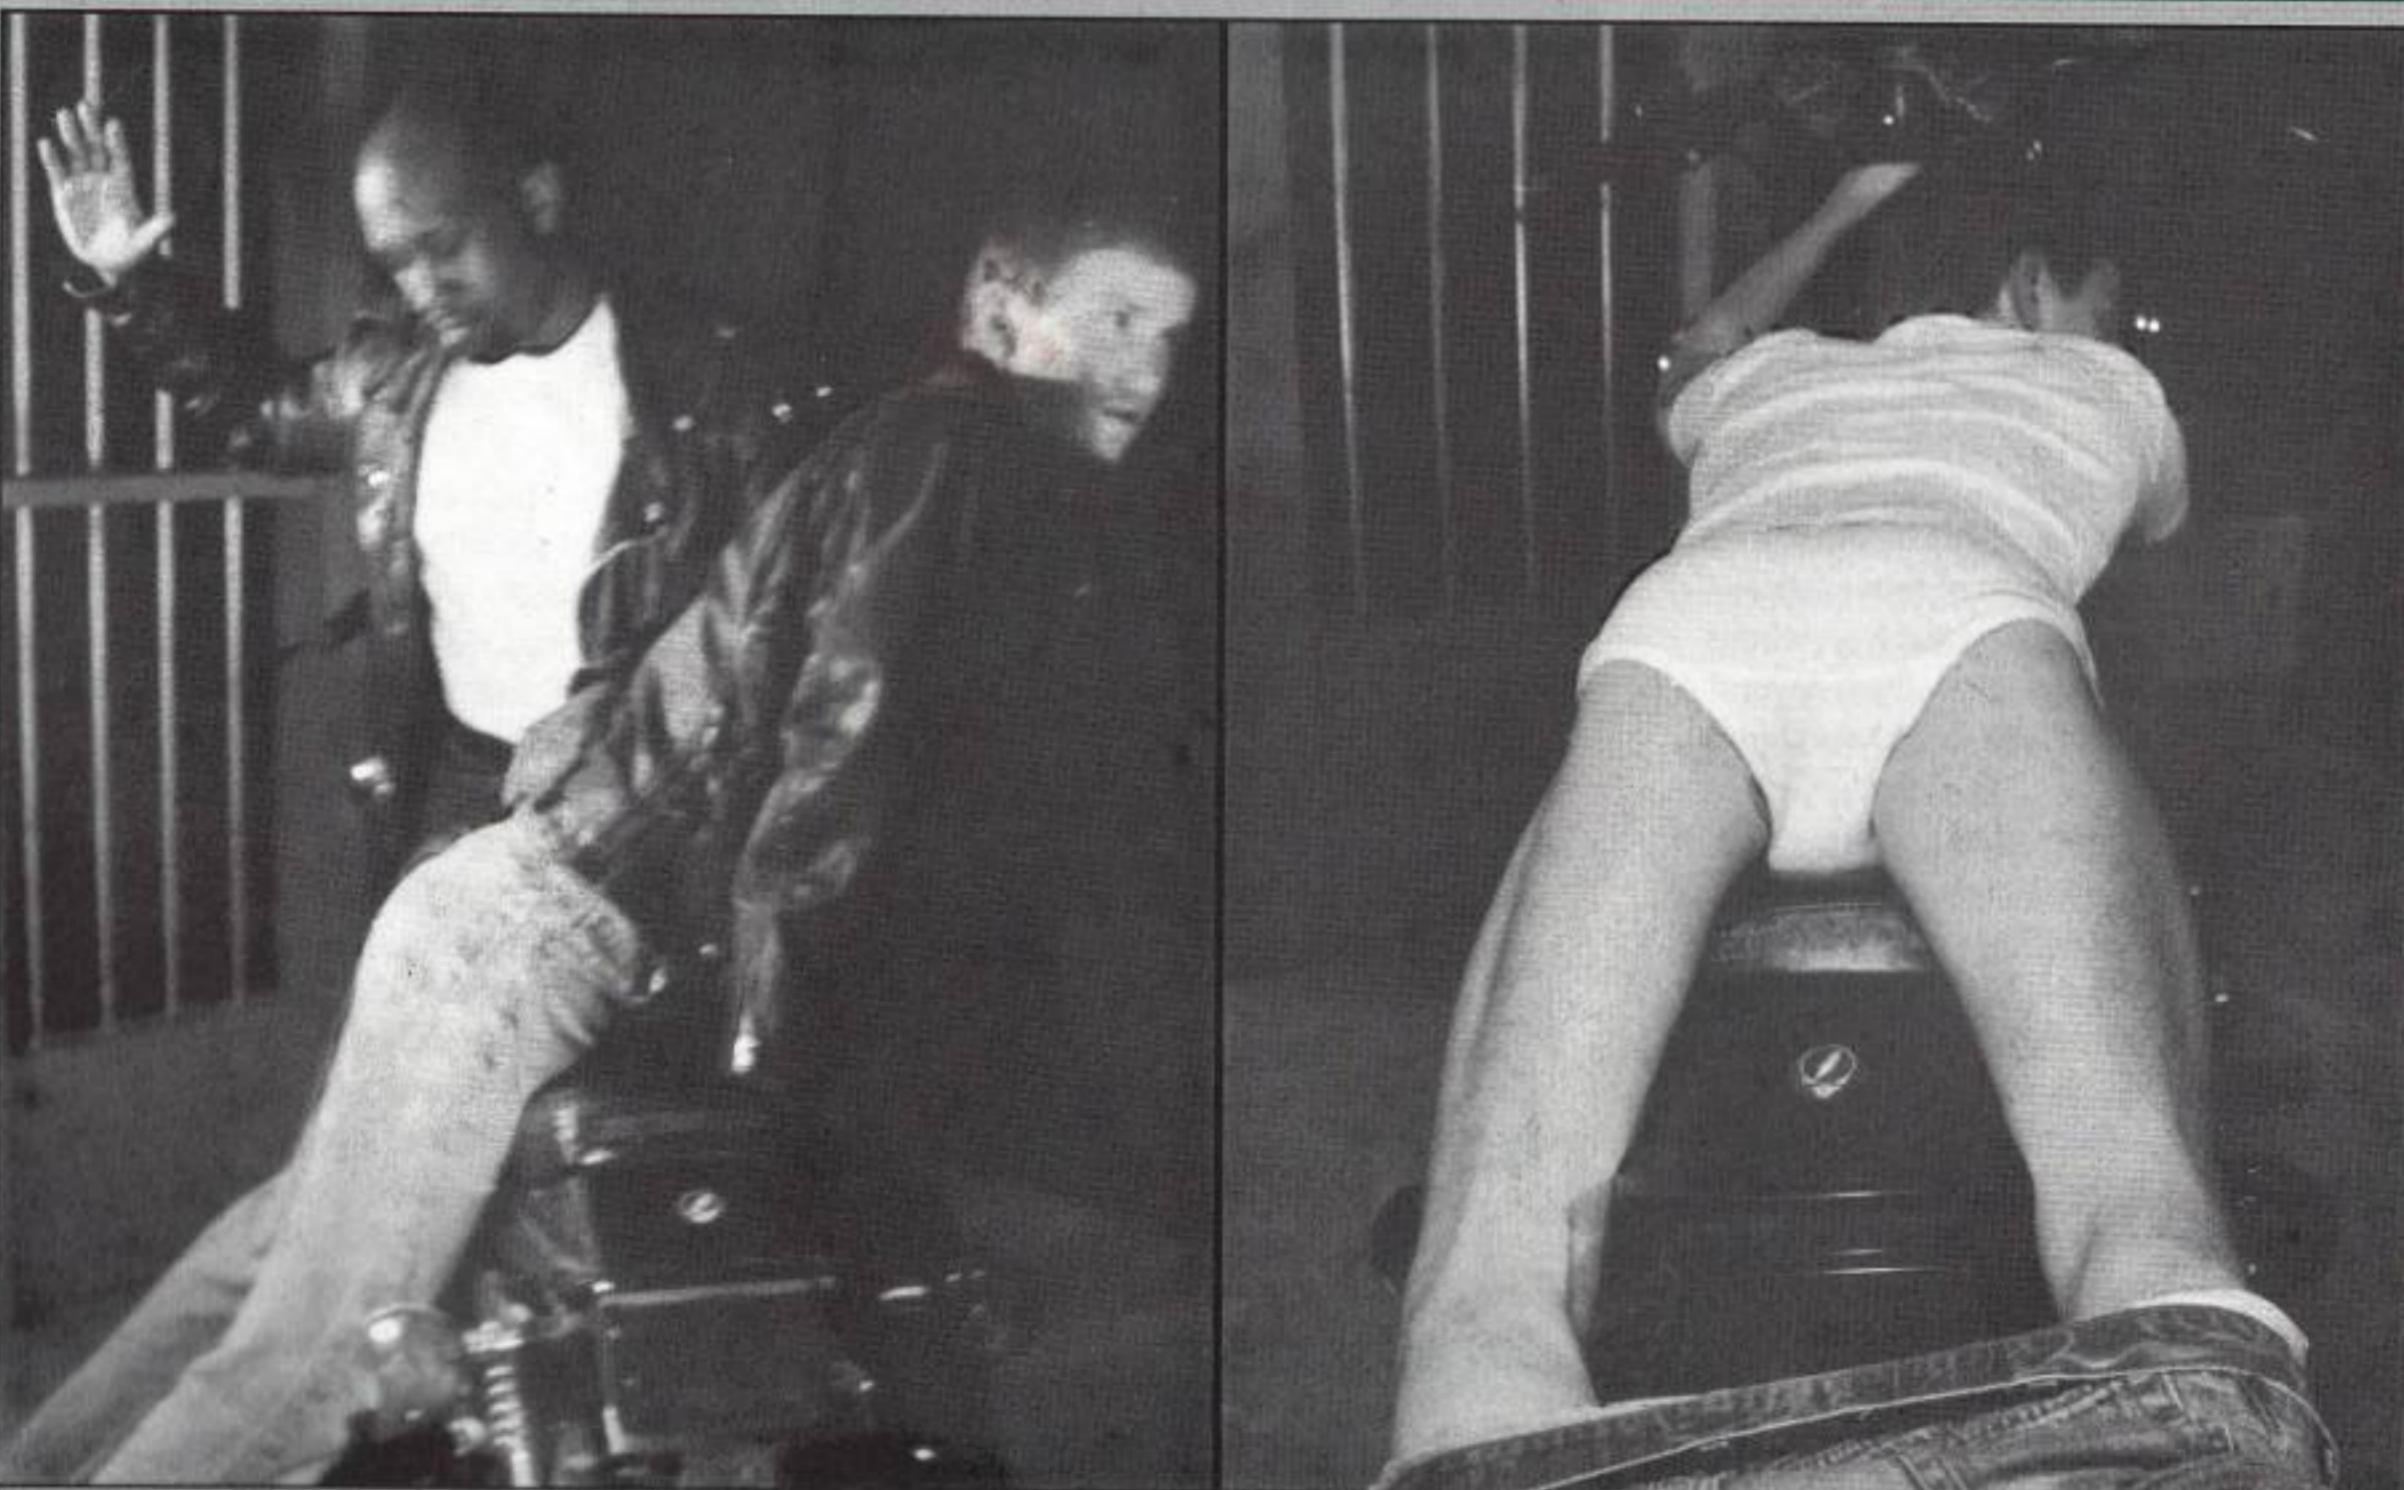

I chuckled at the clothes Terry had put out for me: ragged cutoff jeans and a gray T-shirt with "fit to be tied" printed in black over the right pec. The shorts fit well enough not to fall down without a belt, which he hadn't left me. The shirt was tight but wearable. I doubted the clothes were old things of his. *That T-shirt, though—did he buy it for someone special?*

The only thing at all untidy in the room was the bed, so I made it up, pulled the leather coverlet back in place, and smoothed it out before leaving.

FINISHED BUSINESS

By Mick Wright, illustrated by Ken Wood

Jason Roma was on holiday. He had never been to England before. It was very different from Iowa. That spring his best friend had gotten married and now his parents were saying "It's time took a wife like Johnny and settled down and started raising kids! You're a good-looking young stud so think about it. Italian boys get married early." Jason smiled when they talked like that. He knew he was never going to get married, not the way he was. But Iowa was beginning to bore him; his job as a computer analyst was okay but he felt he needed a break and when he won the office sweepstake he decided to take a holiday in Europe. He needed to get away and think about some things that had to be resolved.

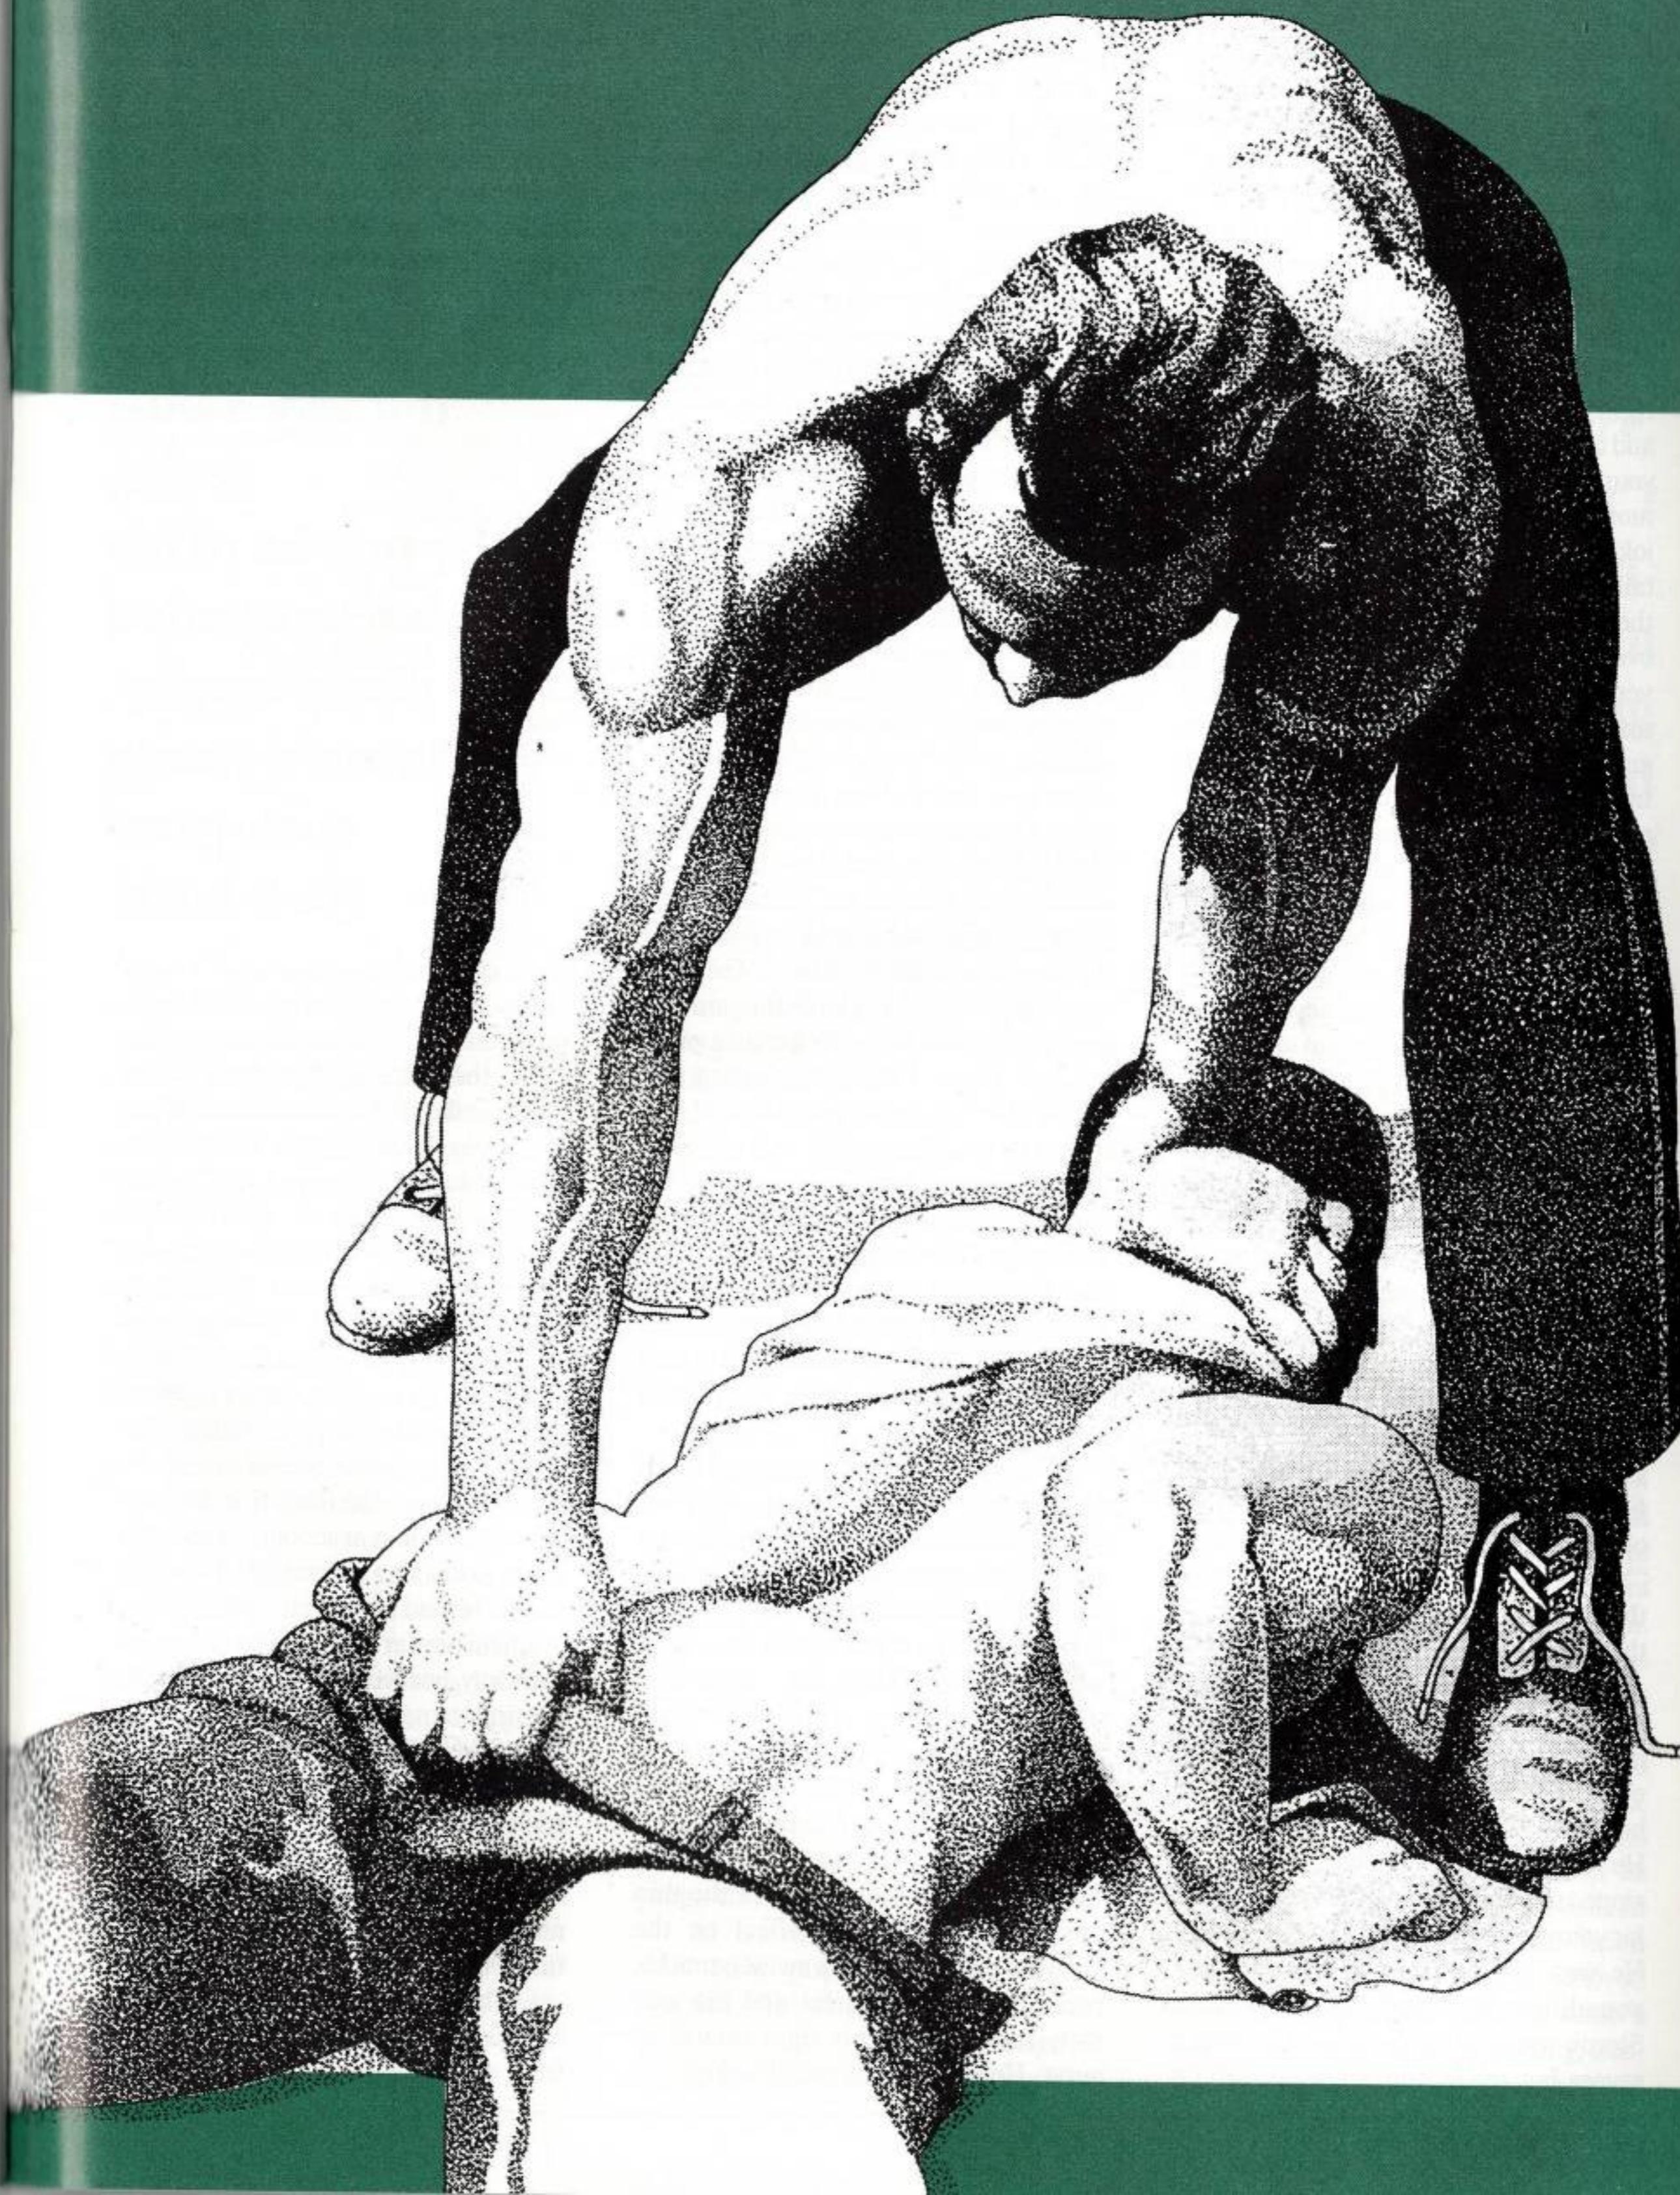

It was good to be in London but he didn't have any friends there and he celebrated his twenty-third birthday alone. He began to feel restless, so he worked out a good routine to keep himself occupied. After a strenuous workout at a gym, he took the bus up to Hampstead and then ran across the heath for a couple of hours. He found a good station on his walkman, blasting out rock and the weather was perfect. He worked up a sweat and soon the crotch of his track suit pants felt warm and sticky, the way that always got him horny. There were quite a lot of people around walking their dogs, playing with kids, and he enjoyed the looks he was getting. His folks always said "Jason's a real show-off!" And Jason had to admit it was true. Being the center of attention always made his cock twitch in his pants. He certainly was a great looking guy. Five foot ten, blond curly hair, sturdy suntanned. In the bedroom he liked watching himself

in the mirror as he posed naked, flexing his biceps, admiring his pecs and the sensitive pink nipples standing out so temptingly from the silky hairs on his chest. Often admiring himself, he would have to jerk off stroking his balls and twisting so that he could see the muscles of his beefy young ass cheeks spreading and flexing in the mirror. He was especially proud of his butt. Like all Italian boys he had a great chunky backside and he paid a lot of attention to it. At the gym he concentrated on a program of squats and in the showers always washed himself thoroughly, pampering and soaping the firm cheeks lovingly. That morning in the showers he had heard two body builders talking about how they shaved their whole bodies, even their butts, and the idea had excited him. When they'd gone, and he was alone, he had reached for his razor. First he shaved the few hairs from his chest then, feeling very daring, he twisted round and carefully shaved the plump round globes of his ass so that they were good and smooth. Then his excitement mounting, he took a mirror from the locker room wall and stood over it, spreading his meaty cheeks so that he could shave the hairs from the deep cleft between them. He had never inspected himself before and the sight of his cute pink hole puckered up so innocently was thrilling. Carefully he applied more lather and slowly shaved himself until his butthole was quite exposed and hairless. His cock sprang to attention, throbbing with excitement. His balls were tight and he knew the juices were aching to explode. Lowering himself over the mirror to get a closer look, with one finger he gently touched the tempting butthole, so beautifully framed

the smooth shaved cheeks. The feeling was wonderful and he watched with amazement as the tight little rosebud began to blossom and swell and spread in response to his touch. He couldn't believe what a great sight it was! Squatting there watching himself fingering his virgin boy-hole! His stiff dick began to drip and moisten. But he suddenly heard other people coming down the corridor outside. Quickly tugging on a jock strap and forcing his stiff dick inside it, he reached for his sweat suit, and thinking that a long run would cool him down he headed for Hampstead.

He was just finishing his run when his Walkman conked out. "Oh, Fuck!" He said. He took out the dead batteries and threw them into the hedge. A voice behind him said "Didn't anyone ever tell you about swearing and spreading litter." Jason couldn't believe his ears. He recognized the voice at once. He turned around and sure enough there, leaning against a tree, was Tony Sterne. "Hi Mr. Sterne!" Jason held out his hand. Remember me - Jason Roma!" It must have been over five years since Jason had seen Mr. Sterne at catholic school in Dubuque but he had never forgotten him. "Roma!" Sterne was amazed. Sterne was in his forties, dark haired, and tall with the body of an athlete. He was wearing an open white shirt and jeans and boots. "Jason Roma you were a scrawny American school kid when I last saw you, and look at you now!" Jason grinned. "You still teaching sir?" It seemed natural to call Sterne sir as he had at school. Sterne shook his head "A sports writer. Pretty good money. At least I've got a spanking new flat." As he said the word "spanking" Sterne smiled.. Jason felt his heart suddenly tighten.. They shook hands. Sterne's hands were large and strong and his grip was firm. He smiled at Jason. Jason felt the power of the older guy, and it was a feeling that he liked. Sterne was just as sure of himself as he'd been at school all those years ago.

As they talked, Sterne played with a thin branch broken off a tree. His hands stripped the bark off easily. He flicked it through the air so that it made a swishing noise. He looked at Jason and smiled. Jason knew Sterne was remembering something and he blushed, for he too had never forgotten that day so long ago....

The private Catholic school in Iowa had strict, old fashioned rules of discipline. Corporal punishment was of course forbidden but everyone knew that Tony Sterne sometimes broke rules and no-one seemed to care. It was assumed that, that was the way things happened in England and Sterne felt that the boys preferred a good spanking to being kept indoors and given extra study. He was right; the boys did prefer it. It was over and done with and forgotten. Sterne was younger than the other teachers and much more attractive, and there were plenty of jokes about his name, but Jason's friends talked of their experiences over his knee they actually made it sound exciting, even though the thrashing they got was very painful. One eighteen year old tearaway had even been caned by Sterne and afterwards he showed off his marks in the showers bending over so Jason could see the purple stripes across the fleshy cheeks. The sight made Jason very excited. As he looked at the boy's buttocks, the marks of his caning presented like a trophy, Jason's young cock grew rock hard. Jason had never been in any trouble at all and he began to feel that he was the odd boy out. He felt as though he wouldn't really be included as an equal among his friends until he had an opportunity to attract the sports-master's attention. The right moment came one afternoon when Sterne was refereeing a game. Jason had been tackled heavily and as he fell the other boy's boot had ripped across the seat of his shorts. He could see Sterne was watching nearby. Very deliberately as Jason picked himself up out of the mud, he swore. "Oh fuck!" Sterne's eyes narrowed. "How old are you Roma?" "Eighteen sir." "You should know better. I'll see you in the equipment room immediately after the game."

For the rest of the game Jason was in an agony of apprehension and excitement. When the final whistle blew and everyone went to the showers, the schoolboy made his way to the equipment room. He was covered in mud and through the ripped shorts the left cheek of his muscular young ass was almost totally exposed. He was very nervous. His heart was pounding. He knocked on the door. Sterne was waiting for him. He looked severe but made him seem even more

handsome. "You know swearing is forbidden?" Jason nodded. "Come to me!" Jason approached him. "Turn around! These shorts are too tight Roma no wonder they're torn, right here. Did you know that?" The master's hand had cupped the schoolboy's buttocks. Slowly the thick fingers moved across the seat of the torn shorts towards the rip. Jason's cock was hard. Surely Sterne must see! True it wasn't much more than a boy's cock - but still! - there it was sticking out through the edge of his shorts, but Sterne didn't seem to notice, or if he did why was he smiling? Jason could feel Sterne's hand invading the trembling bare flesh of his butt. Now the fingers had actually moved into the secret valley between his cheeks, it was like being stroked by feathers. Instinctively he began to bend over, offering himself for correction. Sterne's fingers seemed to have a mind of their own. The excitement was so intense the boy felt dizzy. But suddenly the hand was withdrawn. "Stand up!" Sterne said. He took Jason by the shoulders and turned the boy around to face him. "The new headmaster has issued an ultimatum that any master who lays a finger on a pupil will be sacked. I think he's wrong. By rights what you need, and what I'd like to give you is a thoroughly well-smacked bottom. Right here!" And he lightly smacked the young kid's butt. "Mmm!" He sighed. "So you'd better just clean up this room and stack everything away tidily." And he walked out of the room. A month later he returned to England and Jason wondered if they'd ever meet again.

Seeing Sterne in Hampstead made Jason as nervous as he'd been ten years ago. Sterne was even more handsome than Jason remembered. His dark hair fell across his sunburned face, the full curled lips curved sensuously in a slight mocking smile. The white cotton shirt stretched tight across the man's muscular chest, the sleeves rolled up to reveal his powerful arms. Holding the branch in his hand, Sterne flicked his boot, keeping his eyes on Jason as he talked. The steady whipping sound of the thin switch was having its effect on the younger man. Under his sweat pants his cock was straining erect and his jock strap seemed suddenly tight enough to burst. He turned away to adjust himself.

The sight made Jason very excited. As he looked at the boy's buttocks, the marks of his caning presented like a trophy, Jason's young cock grew rock hard.

His back was towards Sterne. "Aren't you going to tidy up that litter?" Sterne said quietly. As Jason bent over to retrieve the batteries he heard Sterne's quick intake of breath as the meaty young ass cheeks flexed in front of him. Jason took his time, fiddling with the discarded batteries. He knew he was giving an exhibition for Sterne and suddenly realized how exciting it was! He wanted to show off for Sterne. He wanted to have a good long look at his firm muscular buttocks. Eventually he straightened. He turned to face the sports-master. There was the same look in Sterne's eyes which Jason remembered from that day in the equipment room at school, a look which made Jason as excited and nervous now as he had been then. It was the look of a firm master who knew what a young tearaway needed and who would enjoy administering discipline. "Would you like a drink?" Sterne's voice was low, seductive. "My flat is quite near. On some tea? Are you alright?" Jason was shivering with excitement. "Just cold." He lied. Sterne held his eyes. "What you need is something to warm you up. Something to put some color in your cheeks?"

The house where Sterne lived was only five minutes away. He opened the front door. "My flat's right at the top"

he said, letting Jason go first. Slowly Jason climbed the stairs. He knew Sterne was right behind him. "You certainly are a well-reared young man." Jason could almost feel Sterne's eyes watching every movement of his ripe young cheeks as they flexed and curved only inches from the man's face. They arrived outside the door. Sterne looked at the young man. The boy's back was towards him; a lovely sight. The meaty buttocks stood out so provocatively. He licked his lips. Slowly he moved up behind Jason. The boy could feel the man coming nearer. Sterne firmly seized Jason's firm buttocks in his powerful hands, gripping them tightly. The boy was quivering. He knew his cock was rock hard "I think there's some unfinished business between us" Sterne said. "Yes sir" gulped Jason.

Sterne walked across to the sofa and sat in the middle. Slowly, almost shyly, Jason walked across and stood beside him. Quickly Sterne pulled him down so that the young man was laid out over his lap. He put the of his hand on Jason's upturned buttocks which strained through the tight sweat pants so temptingly. Gently Sterne caressed the trembling cheeks. His hand was warm and soothing. "When I was a teacher and a student came to me for discipline" he said, "the first time all he got was a sound spanking." His voice was soft and reassuring. Jason felt as though he was just a naughty kid! But it seemed quite natural to Jason, something that he knew he needed. Sterne's hand was fondling the cheeks of the ripe young ass, squeezing the quivering mounds, teasing Jason with his gentleness. The sensation was voluptuous, incredible. Sterne had him under his control.

Suddenly Sterne's hand came down hard THWACK! Across Jason's bottom. Jason gave a yell - not so much from pain as from surprise. Immediately Sterne's hand spanked him hard again. THWACK! This time Jason hardly cried out. "That's better." Sterne said approvingly. "If you make a noise your punishment will only be more severe. And I haven't even started yet. To begin with you are going to be spanked on your bare ass." Jason wriggled in half-hearted protest, but Sterne's hands were already reaching under him, undoing the drawstring of the boy's sweat pants. The

man's big hands brushed for a moment against the throbbing cock which strained against Jason's jock strap but Sterne ignored it. Very, Very slowly he began to pull the sweat pants down so that Jason's smooth young buttocks were exposed, framed by the white elastic of his jockstrap. "That's beautiful!" Sterne said. Instinctively the boy clenched his young cheeks tight shut. Sterne grinned "A bit shy? Never mind, you know how to deal with that!" Carefully he began to stroke the naked butt. "A smooth meaty young ass, stripped for my attention. And shaved too! Now why would a boy want to shave his ass unless he was so proud of it?"

The spanking began in earnest. THWACK! THWACK! THWACK! THWACK! Sometimes Sterne slapped him hard, sometimes it was almost a caress. Sometimes he'd concentrate on Jason's right cheek, sometimes on his left. He made Jason lift himself up into the air, offering his bare young bottom for punishment, and the boy began to abandon himself to the sensation, parting his legs slightly, knowing that his sweet pink hole would be glimpsed for a tantalizing moment. There was no escape from Sterne's hand of from his fingers which explored the tender flesh so vulnerably exposed. After several delicious minutes he suddenly stopped. You're to old for this" he said. Jason looked up at him pleadingly. Sterne smiled, but there was a cruel gleam in his eye. "I meant your to old for spanking. What you need is a taste of the cane!" Jason gasped. Was he really ready for this? Sterne pushed him off his lap. "I'm going into my study now. In a moment I shall come back for you. Strip off all your clothes. I want you naked." With that he went through a door at the back of the room.

Jason pulled off his T-shirt and kicked off his trainers. Slowly he took down his pants. The cheeks of his bottom felt warm to the touch. But they felt good too, as he caressed and rubbed them. He pulled down his jock strap. His stiff young cock sprang free.

At that moment Sterne opened the door. Jason gasped Sterne had stripped to a pair of black shorts. His muscular body glistened. A monstrous bulge revealed the outline of a massive erection.

"If you make a noise your punishment will only be more severe. And I haven't even started yet. To begin with you are going to be spanked on your bare ass."

And in his hands he held a thin wicked looking cane! Sterne's eyes ran slowly down the nude boy's body approvingly. Jason grew even more excited. His cock throbbed and moistened. The urge to find relief was irresistible and he began to move his hand towards his cock but a sharp shake of Sterne's head warned him to stop.

Stern moved towards him. He rubbed the cane slowly over Jason's body admiring the young man's physique, the sturdy thighs, the rippling abdomens, the well developed pecs and the young stud's nipples standing out so proudly. Suddenly sterne flicked the nipples with the tip of the cane. Jason cried out - more from surprise than the pain, for the nipples were quickly erect. Sterne looked down. With the tip of his cane he flicked the shaft of Jason's cock lightly. The boy was moaning with pleasure. Sterne smiled. He reached down and gently stroked Jason's cock, gripping it in his hand, enjoying the feeling of it's firmness caught between his fingers. Then he reached lower, cupping Jason's balls in his big hands, squeezing until Jason gasped with pain. As his fingers moved slowly bent his head towards Jason's tempting nipples, licking, nibbling, teasing the stiff little cones with his tongue.

With one hand gripping Jason's cock, the fingers of Sterne's other hand move slowly, deliberately, to the tight ring of Jason's asshole. "Oh no!" Gasped Jason. But the fingers were relentless, stroking the lips of the boyish butthole, spreading it, probing deeper and deeper until at last one long thick finger began to slip inside the boy. "Aaaah!" Jason moaned. No one had ever dared to touch him there, in his most secret place! In vain he tried to clench his sphincter shut but his asshole seemed to have a mind of its own! It wanted, demanded Sterne's finger - and Sterne's finger was equally insistent. Jason surrendered to the sensation. His whole body was quivering with excitement. His mouth was open, his head thrown back. His legs were spread as he tried to ride Sterne's probing hand. Was that another finger slipping inside him now! His cock was moistening in Stern's powerful grip. Sterne's teeth were biting the tender nipples. Jason was losing control. The muscles of his sphincter gripped Sterne's finger's more and more hungrily. He was near to climaxing. Then suddenly Sterne stopped. "No!!! Don't stop - ease" Jason begged, but stepping back, Sterne took him by the shoulder and led him into the next room.

A tall mirror faced them as they came into the room. Sterne closed the door. Jason gave a cry of surprise. The door was also covered with a mirror! Jason could see his whole body, front and rear, his broad muscular back and the fine thick thighs framing the proud naked buttocks which jutted out so provocatively; the sunburned limbs emphasizing the creamy whiteness of those young ripe melons, now slightly pink from the spanking. He saw the wild pleasure on Sterne's face in the mirror. Sterne kicked a small table into the center of the room. "Bend over boy! Open your legs. I want them wide apart! And thrust out those sweet cheeks for me. Offer them to me. Let them beg for the kiss of this cane. Do it!" Jason obeyed. What else could he do?

Jason raised his head. There in the mirror he could see himself positioned for the caning of his life. A strong young man stretched out naked for punishment! The firm round buttocks spread wide, his tight hairless little butthole

totally exposed, Twitching nervously between the luscious cheeks. Sterne, his master now, moved behind him. He had his eye on that tender butthole too. How beautiful it was! The sweet brownish pinkish little hole peeking so shyly at him. Well there would be time to deal with that in a moment! He licked his lips again and flicked the cane through the air. He laid it gently across the upturned cheeks. "Ohhh!" In spite of himself Jason gave a cry of pleasure as he felt the instrument of discipline laid so tenderly across his buttocks. Sterne nodded in approval. That's right Feel the cane! Feel how it rubs across those naughty cheeks. Oh yes, it's going to let you know you're something special!" In the mirror Jason watched every move Sterne made. His bare bottom was quivering with excitement. Sterne raised the cane and suddenly brought it down. STHRRRRP! Jason cried out, unable to prevent himself. "Oh!!" Sterne paid no attention. He brought the cane down again. STHRRRRP! The thrashing began in earnest. Sometimes the strokes were severe. Sometimes they were teasingly gentle. Sometimes Sterne struck Jason fully across the buttocks, sometimes inside his inner thighs, sometimes he even flicked the tip of the cane vertically down the secret cleft between his cheeks, actually flicking against the lad's puckered asshole and the stinging pain was agonizingly delicious. Jason bucked, he squirmed. In the mirror he could see the cheeks of his boyish ass dancing to the command of Stern's cane. He could see stern's face and how his eyes shone with pleasure, he could see the monstrous outline of Stern's cock, the thick purple knob glistening from the leg of the man's shorts! Jason began to forget how much he was hurting, maybe he had crossed that "threshold of pain" as he did when he was working out at the gym. The thrashing had kind of a rhythm and his body responded to it. His bare bottom rising to meet each exciting stroke of the cane. But then Sterne brought the cane down with a particularly vicious stroke. It brought a loud cry that Jason was unable to prevent. "Aaaaah!" Instinctively he moved his hands to cover his throbbing cheeks. Quickly Sterne grabbed his wrists and forced them upwards, then turning he straddled Jason's

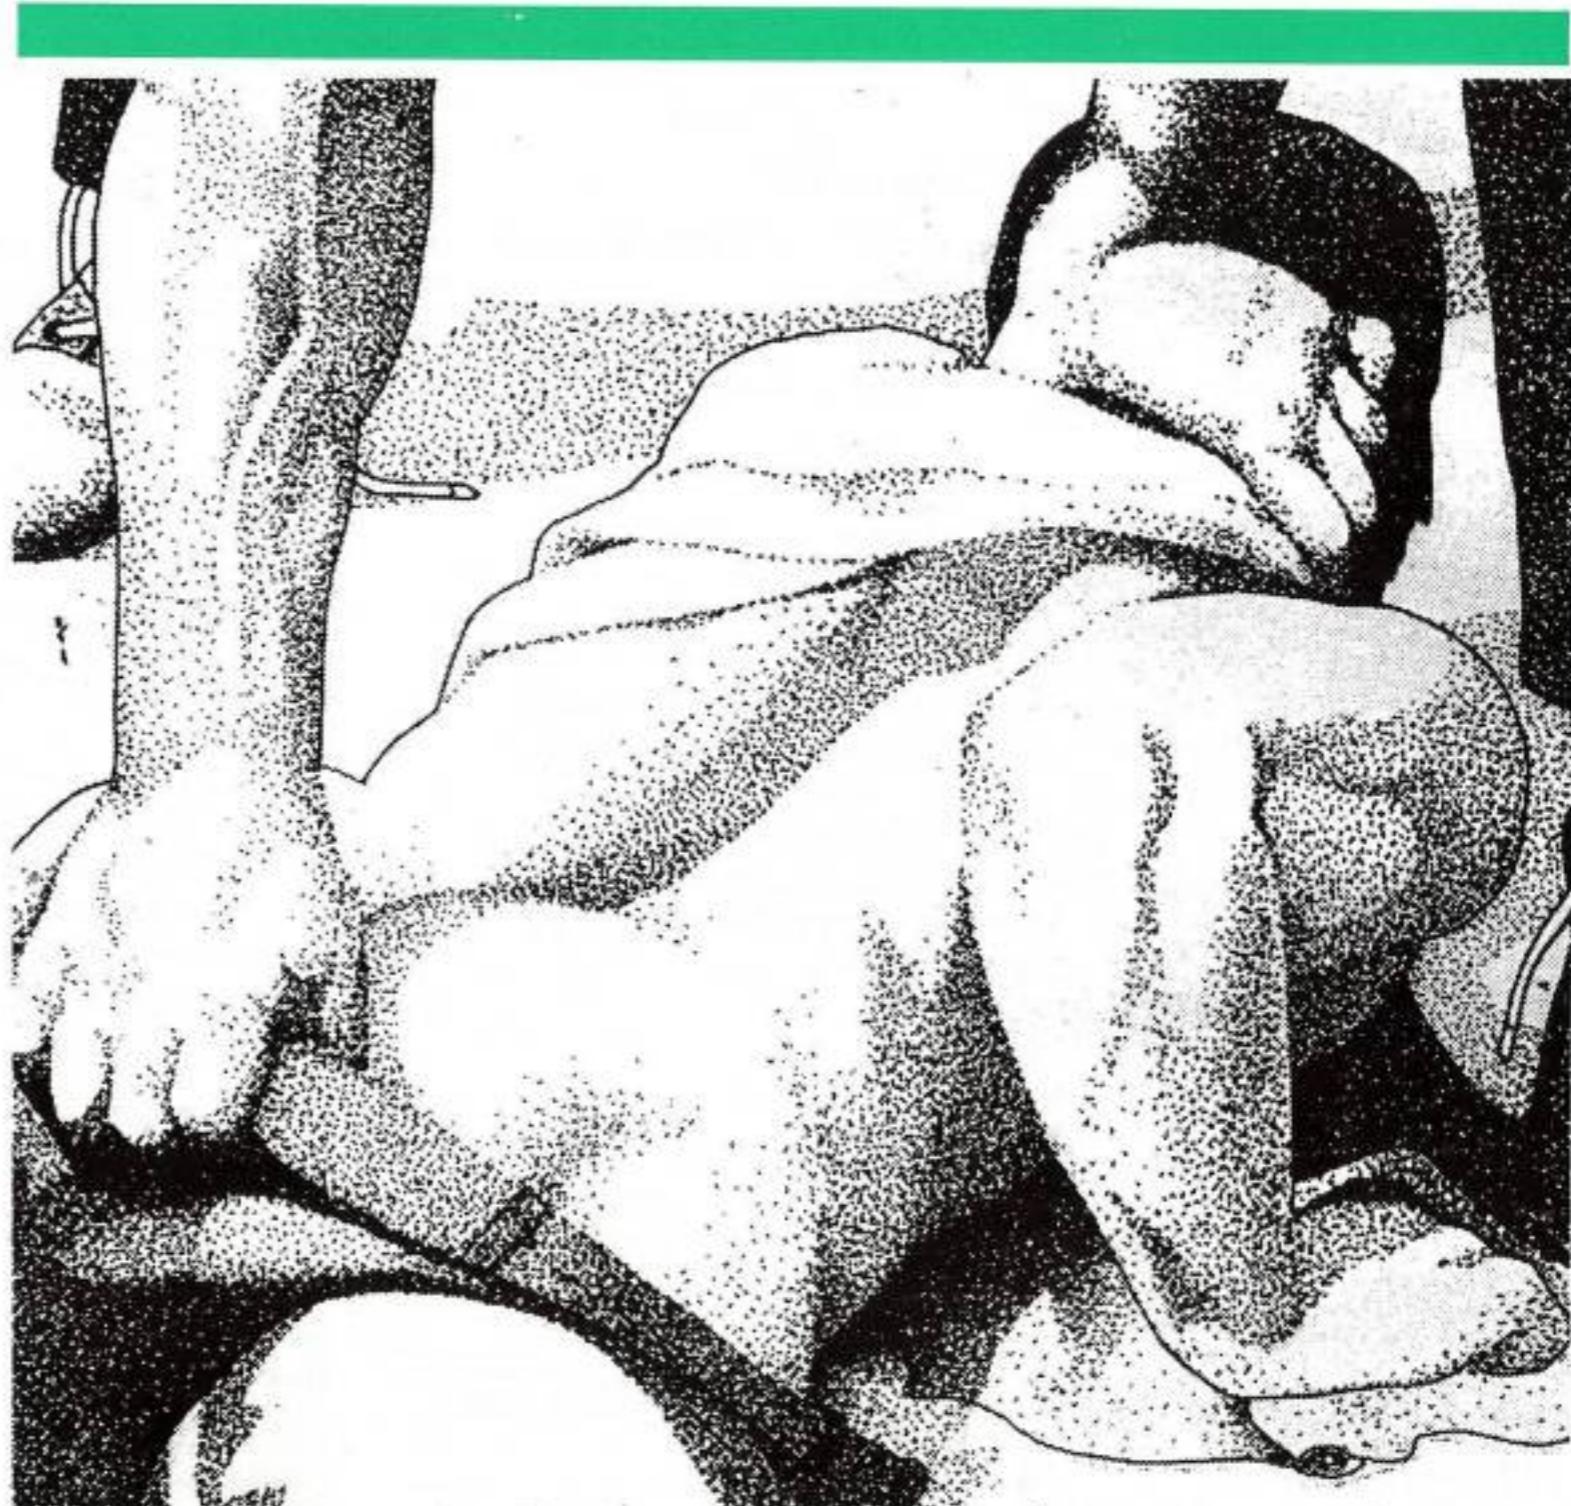

waist so that he was sitting backwards over the boy, facing the boy's legs, gripping the boy's nude body between his own naked thighs so that Jason's hands could not reach past him to protect his defenseless buttocks. And to control him further Sterne moved slightly back until he was sitting on the boy's hands. Jason gasped as he realized he was touching the massive shaft of Stern's cock; he'd never thought a cock could be that huge. "That's right Roma" said Sterne, "get acquainted with my dick!" He laughed his powerful legs trapped Jason's ankles so that the youngster's legs were held open. Sterne threw the cane aside now, and with both hands pulled the cheeks of Jason's young ass wide apart. Never had Jason been so vulnerable nor so openly displayed. Sterne grinned ferociously. Oh yes he was the master alright! With his hands he began a steady spanking. Not an inch of Jason's bare bottom was ignored. He writhed beneath Stern's powerful body but his movements only excited Sterne more and the man's brutally thick dick seemed to swell even harder in Jason's hands. When he raised his head all he could see in the mirror was Sterne's back as he rode him like a horse, Sterne's Beefy ass pressing down and almost bursting from the tight black shorts as he rode the boy so mercilessly. SLAP!!!SLAP!!!SLAP!!!SLAP!!! Jason heard a noise, curious animal like cries, and he realized it was his own voice. The cries were of pain, but pain mixed with an ecstasy he had never known till then. "Sir!" He whimpered, "yes! Sir! Spank me Sir!"

Tears were running down Jason's face. But they were tears of abandonment, of ecstasy. Sterne's thrashing ceased. He bent forward, still riding the young stud. Closely he examined the beautifully exposed butthole spread between the meaty cheeks. With his fingers he teased the lips of Jason's hole, stretching the rectum wide, encouraging the sphincter to grow and blossom like a flower. "I must inspect this more closely" he said, dismounting he knelt behind Jason's open legs. The boy's cock was rigid, and wet with precum, the balls drawn up tight. Sterne took hold of it firmly; the boy sighed with pleasure. Slowly Sterne leaned forward. His mouth was inches from the boy's buttocks.

Gently he began to lick and kiss the scarlet mounds and the boy moaned and wriggled with excitement. Sterne's lips pushed towards the boy's throbbing asshole. Very gently he nibbled around the boy's inner cheeks, inhaling the musky scent of the young man's most secret orifice. Slowly he flicked the open hole with his tongue. "Aaaaah!" Jason was sobbing with ecstasy. Sterne began to slowly slip his fingers up and down the shaft of the boy's cock milking it, all the time feeling the lips of the boy's butthole moving hungrily against his tongue. "Ohhh! Yesss!" cried Jason. Sterne sank his tongue deep inside the young man's hole covering the whole asshole with his mouth. As Jason tightened his hole instinctively, Sterne gripped the bloated muscle with his teeth. He sucked and nibbled. Jason writhed and squirmed. He wanted to cum, he longed for release but his cock was gripped in Stern's powerful hands.

Sterne rose and stood aside. Now at last in the mirror Jason could see the results of Sterne's handiwork: the firm scarlet mounds of his shame and at their center, between the fine plump buttocks, obscenely indecent and overwhelmingly exciting, Jason saw his own young man-hole. It was dark red, open and moist, the lips were swollen and throbbing as though hungry waiting to be filled.

Jason caught Sterne's eye in the mirror. "Please" he murmured. Sterne smiled, gently now. Slowly he pulled off his black shorts. Jason cried out with surprise. He couldn't believe what he was seeing. Sterne's huge dick was wet and he stroked it proudly. He moved towards Jason. Jason made a movement to rise but Sterne held him down, rubbing his dick against Jason's face. The boy's mouth opened greedily, his tongue began to lick the man's heavy balls and then faster and faster it moved up the shaft towards the monstrous glistening knob. Sterne stepped back in his hand he held a condom and a small bottle of cream. "Let me please!" Begged the boy. Sterne handed the boy the condom. Slowly. With infinite care, Jason began to slip the condom down the fat shaft. He took Sterne's heavy balls in each hand and felt their weight tenderly. Sterne had reached for a pair of thin rubber gloves. His hands were applying soothing cold

cream to the boy's scarlet buttocks. Tantalizingly slowly the fingers moved over the defenseless tender flesh, rubbing and probing at will. Jason's tongue moved in a frenzy along Sterne's cock sucking, licking, biting. His buttocks thrust back, his sphincter spread greedily for Stern's fingers. His proud male ass had, had the whipping it deserved. He knew how Sterne would ease the pain. Sterne moved behind the lad. He positioned his dick against Jason's gaping juicy asshole. Slowly he pushed forward. His cock slipped in easily. Reaching beneath him he found Jason's nipples and he held them tight, pulling on them, squeezing them erect until Jason cried out. Looking down, Sterne saw the meaty young buttocks gripping his cock as he drove it in and out. He saw how the bloated sphincter held his dick tight. He watched his dick drive past the young boy's shithole and go deep into the hot juices of his bowels. He moved his hands down under Jason's body and grasped the stud's stiff cock. Jason moved his flanks in time with Sterne's rhythm. He could hear his own breathing quickening with excitement. He thrust his body back, opening his asshole as wide as he could. "Oh sir!

I'm cumimg, sir!" Holding Jason firmly down, Sterne suddenly pulled out and replaced his cock with the gloved fingers of his hand. Jason rode back more eagerly still. His beautiful asshole gaped hungrily as Sterne filled it with his fingers. Jason began to scream with pleasure and as his body danced and heaved so wildly, Sterne's fingers slipped deeper and deeper inside him. Sterne was Master now, just as Jason had always wanted him to be. He rode Stern's hand bucking frantically. Suddenly he felt his bowels opening, releasing his warm hot inner juices so that the man's was slick and deep inside him. At last, with a great animal cry. Jason's orgasm exploded uncontrollably. At the same time he felt a hot wet flood across his upturned buttocks as Sterne sprayed his cum across the smooth young cheeks. Slowly, gently, Sterne removed his hand.. The young man's hole gaped beautifully, the hot juices dripping from the throbbing bloated lips. Jason Roma lay still. Twisting his head he smiled at Sterne; he wanted his master to know how grateful he was for the punishment he had received, and which he would certainly need again.

FANTASY ONLY (nothing real except for archival photos of atrocities or execution and occasional factual essays.) Stories written by and for college educated persons with active imaginations. If you are squeamish or cannot divorce fantasy from reality, please don't waste your time and ours. Our violent fantasies are for cathartic release of aggressive feelings and anger, such as those arising from frustration in dealing with clients or customers. If you have stories, essays, or drawings you would like to share, send them when you try us out. We ask all members of the Project to write stories about their own fantasies; this helps them become masters of their fantasy instead of slaves to it. No photos or drawings of persons under the age of 21. If you're looking for pix of kids, go to a psychiatrist before you get into trouble.

PLUCKED

Steve Landess is not sure what he's getting into. Master Ken knows what he wants: Steve shaved smooth to service him. Plenty of serious rope bondage and domination await Steve as he is shaved down by stages. Color vid. 1 hr.
